**GC University Lahore**

155 Years of Excellence

**BS(Hons) Computer Science**

The Department of Computer Science, GC University Lahore, invites applications for admissions to the BS (Hons) in Computer Science - 4-Years Degree Programme - (Morning/ Evening) from both Male/Female applicants.

**ELIGIBILITY**

- Minimum 50% Marks in Intermediate with one of the following combinations:
  - (a) F.Sc. Pre-Engineering / Pre-Medical with additional Mathematics OR
  - (b) General Science Group with any of the following combinations:
    - Mathematics, Statistics, Physics
    - Mathematics, Computer Science, Physics
    - Mathematics, Computer Science, Statistics
    - Mathematics, Computer Science, Economics
  - (c) A-Level/Equivalent Certificate with minimum B Grade having same subjects mentioned above in category a & b.
  - (d) Equivalence Certificate from IBCC is compulsory for A-Level/Equivalent Certificate holder.

**ADMISSIONS SCHEDULE**

**ONLINE REGISTRATION**  
START DATE: 24-06-2019  
LAST DATE: 19-07-2019

**COMPUTER BASED ENTRY TEST (CBT) SCHEDULE**  
START DATE: 22-07-2019  
LAST DATE: 30-08-2019

First Merit list will be displayed after 10 days of announcement of Intermediate Results.

Please visit our website [www.csadmissions.gcu.edu.pk](http://www.csadmissions.gcu.edu.pk) for Online Registration, Fee Chullian, Instructions, Computer Based Test Pattern and other details.

### SYMBOL OF EXCELLENCE IN HIGHER EDUCATION

Educational institutions are the guarantors of multi-dimensional development and advancement of any nation. Hence, their role in the history of nations can't be overlooked. These institutions not only are constituted to cater the social needs of the societies but are also the indicators of the promotion and stability of culture and civilization. Among the desolate and barren deserts of ex-Bahawalpur State, these great seats of learning possessed status of such oasis which would quench the thirst of the caravans of knowledge seekers. At one time Uch Sharif enjoyed the status of a prominent academic center, but, later on this seat of learning was fortunately shifted to the knowledge-friendly rulers of Bahawalpur State. In Bahawalpur City an Arabic religious seminary was set up in 1905. Later on, in 1925, this Madrassah was elevated to the status of "Jamia Abbasia" and gradually covered the development phases and rose to the heights of glory to be named as "Jamia Islamia". In 1950 a splendid building was built for Jamia Abbasia. The Islamic identity of Jamia is its exclusive distinguished characteristics that in Pakistan first ever Islamic University was established on the pattern of Cairo's renowned university, Jamia Al Azhar. The

modern form of Jamia Islamia today exists as the best emerging university with the title of "The Islamia University of Bahawalpur". In 1975 the Jamia Abbasia established by Nawab of Bahawalpur was declared as chartered university, which as at present converted into a modern, functional and attractive institution of Southern Punjab. IUB is at 11th position in HEC ranking of universities. IUB is on 3rd position in Nature Index. IUB is on 6th position in terms of research grants all over the Punjab. At present more than 600 teachers serving the IUB, which include 281 PhDs. There are 58 teaching departments for 82 disciplines to provide latest educational facilities and a maximum number of more than 20,555 students. Semester system has been introduced in all departments to bring the teaching standard of the university in harmony with international standards along with the recommended latest syllabi of HEC. There are seven faculties functioning in IUB, which include Faculty

of Arts, Faculty of Science, Faculty of Islamic Learning, Faculty of Education, Faculty of Management Sciences, Faculty of

million to strengthen existing departments, introducing new academic programs and construction of four hostels have been completed. Students of Bahawalpur Campus have been shifted to their new beautiful campus. The building of Rahim Yar Khan Campus is also completed. This project appeared to be in jeopardy since 2007, however, when contacted Federal Government agreed to provide Rs. 732 million additional grant for this project. The project of ICT block at Bahawalpur announced since 2012 is also a reality now as the Federal IT Ministry has released Rs. 10 million. The IUB is first university to have 2.5 MW solar power plant which will be installed very soon. The Islamia University of Bahawalpur is truly a modern and dynamic university of Southern Punjab bringing socio-economic prosperity to the region. University is actively participating in Clean and Green Tree Plantation Campaign and planting 60,000 trees across the campuses.

# Social Media Pakistan 03164767348

## LAHORE CAMPUS

National University of Computer and Emerging Sciences (FAST-NUCES) is one of Pakistan's leading universities with campuses in Lahore, Karachi, Islamabad, Peshawar, and Chiniot-Faisalabad. The university has diversified into different disciplines from its longstanding repute of producing top-notch talent in Computer Sciences. The university offers following programs with variation among campuses:

- Business Administration (BBA, MBA, Ph.D.)
- Accounting & Finance (BS, MS)
- Civil Engineering (BS, MS, Ph.D.)
- Computer Science (BS, MS, Ph.D.)
- Electrical Engineering (BS, MS, Ph.D.)
- Mathematics (MS & Ph.D.)
- Linguistics (MS)

The Lahore Campus of FAST-NUCES is spread over 12.5 acres in the prime location of Faisal Town. The Campus consists of five blocks having striking exterior brickwork and magnificent marble domes. The architecture of Lahore campus is a valuable addition to the rich heritage of Lahore. This campus is among the pioneering campuses of the university and has produced thousands of graduates in disciplines of Computer Sciences, Management Sciences, and Engineering. Within this well-designed campus, a host of facilities include:

- Fully air-conditioned purpose-built classrooms equipped with modern teaching aids
- Computing, engineering and language labs
- Auditoriums and Seminar Halls
- A well-stocked library and reading rooms
- Common room for female students
- Fully functional cafeteria
- Internet on all computers in university and campus-wide WiFi
- Sports facilities including tennis, basketball and volleyball courts and multi-purpose sports ground
- Day-care center

The computer and engineering labs are equipped with state of the art instrumentation particularly suited for undergraduate and graduate education. Eleven computing labs include database, programming, software engineering, big data, cloud computing, and computer application labs. The Civil Engineering Labs comprise of Mechanics of Solids, Engineering Mechanics, Fluid Mechanics, Concrete structures, Material of Construction, Environmental and Geotechnical Engineering. Electrical Engineering labs facilitate experimentation in Electronics, Digital Systems, Embedded Systems, Controls, Antenna and Microwave, Microprocessor, Communication, Electrical Machines, Electrical Power, and workshop. Latest computers, workstations, and services having LINUX and Windows-based environments are also readily available for the usage of students.

Additionally, the campus is networked through Wi-Fi as well as LAN in all labs and offices. Students have access to centralized domain networking as well as digital library having ever-increasing content for their academic needs. Similarly, well-equipped computer-assisted language labs are also there for the development of highly important communication skills in students of all disciplines.

The **Campus Library** is in a spacious building with modern interiors. The library has around 28,000 books and a comprehensive subscription to dozens of international journals and magazines. With extensive resources, the library provides students and faculty access to diverse up-to-date information resources in different fields. Lahore Campus library is the second library in Pakistan which had its library catalogue accessible through Library of Congress Gateway. Union Catalogue of the Libraries of all the five campuses of the University is also accessible through Library of Congress Gateway, which is first of its kind in the whole of South Asia and is a model for library cooperation amongst the Pakistani libraries.

**Faculty** in all disciplines are inducted after a rigorous merit-based selection procedure that ensures professional excellence and strong research orientation. Many of the faculty members have foreign academic or professional exposure along with local orientation. Faculty concerted to help students gain an insightful view of the industry.

Highly affordable quality education at FAST-NUCES Lahore campus is further supported by various **financial aid initiatives** including Qard-e-Hasna and scholarships sponsored by alumni, industry, as well as government (Punjab Educational Endowment Fund and ICTR&D scholarships). Every year several qualified students benefit from these initiatives.

**Placement of Graduates** in leading organizations has always been a hallmark of FAST-NUCES Lahore campus. Graduates of Lahore campus are respected widely in the industry for their subject knowledge, dexterity, and hard work. Overzealous participation of an ever-increasing number of employers in campus' annual job fair is a testament to this fact. Today, the graduates from Computer Sciences and Engineering are serving in leading software and IT companies like Microsoft, Oracle, Facebook, Amazon, Google, Netsol, i2C, CureMD, Xavor, and NESPAK. Equally importantly, graduates of Management Sciences have also made their mark by getting quality placements in organizations like IBM, HSBC, Nestle, AC Nielsen, and Metro Pakistan. Several alumni of Lahore campus have also ventured successfully as entrepreneurs and have contributed to the economic development of the country.

FAST-NUCES remains engaged in a ceaseless endeavor to set new standards and seek new horizons in fields of Computer Science, Management Sciences, Civil and Electrical Engineering and Mathematics. Producing top-notch human resource with a contemporary orientation has always been the primary objective of the institution, and it has indeed been very successful in achieving this objective.

### Why FAST-NUCES?

- All programs are accredited by relevant accreditation bodies
- BS(A&F) is accredited by International ACCA with several exemptions of papers
- Leading University of Pakistan producing world class graduates that are employed nationally and internationally
- FAST-NUCES has produced more than 20,000 graduates
- Graduates have established many companies that are earning revenue of millions of dollars
- A great many graduates of FAST-NUCES are employed by Multinational IT Companies
- PhD Fellowship carries a stipend of Rs. 60,000 per month
- Fully Funded MS Scholarships available in Software Engineering and Data Science (Islamabad Only)
- Highly qualified and experienced faculty
- Well-equipped labs
- Entrepreneurship and startup support
- Need based study loans available

**THE UNIVERSITY OF LAHORE**

The University of Lahore was founded in 1999, by Mr. M.A Raof, under the auspices of the Ibadat Educational Trust, and was granted degree awarding status in 2002. It has created a name for itself in the field of higher education and is regarded as one of the premier private sector Universities of Pakistan with diverse disciplines ranging from Medicine and Engineering to the Arts and Social Sciences.

**Social Media Pakistan 03164767348**

**W**e welcome to the students of this prestigious and renowned University, namely "The University of Lahore" (UOL) that presently is the largest private sector University in Pakistan. The University of Lahore was established as a nascent institution in the Year 1999. Our vision was to develop a world class prestigious educational institution having state-of-the-art facilities/infrastructure and capable of offering innovative and quality education in a conducive and highly developed learning environment.

The University was granted a 'Degree Awarding Institution (DAI)' status by the Government of Punjab in 2002 through a Charter through as "The University of Lahore, Ordinance 1962" and also obtained recognition by Higher Education Commission (HEC) that placed us in the highest "W-4" category. The University is ranked amongst the top 301-350 universities of the world by "Times Higher Education Emerging Economics University Ranking 2019. All this was achieved through the dedicated efforts of our sponsoring Trust, namely the 'Ibadat Educational Trust (IET)', the Board of Governors, Teaching Faculty and the management of the University. It is pertinent to mention that the regulatory bodies of the Government of Pakistan that includes Higher Education Commission of Pakistan, Pakistan Medical and Dental Council (PMDC), Pakistan Engineering Council (PEC), Pakistan Nursing Council, Pakistan Bar Council, Pharmacy Council of Pakistan etc. have accredited our professional Programs. The University fully follows their guidelines in the best interest of the institution and the students.

We firmly believe that the role of a dynamic University in the 21st Century in Pakistan must cater to the phenomenal changes unleashed by the rapid advancement in science and technology for the economic development of the country, as well as to meet the challenges posed by globalization. We are already visualizing the future of higher education in the next millennium and making concerted efforts for this purpose. We are confident that our University will achieve its prime objectives through its professional competence, commitment and dedication of the management and untiring efforts of our highly qualified teaching faculty.

The University of Lahore is the largest private sector university in Pakistan with more than 40,000 students and 7 campuses. With strong emphasis on balanced progress and focus on human capital, the University has grown to 11 faculties and 40 departments. The University of Lahore is playing a significant role in the lives of thousands of our young students and graduates in various disciplines that include Medicine, Dentistry, Engineering, Allied Health Sciences, Molecular Biology, Biotechnology, Biochemistry, Environmental Sciences, Business Studies, Information Technology, Computer Science, Art and Social Sciences. We are glad that researchers and scholars of the University of Lahore are working as a team and fully contributing towards developing a positive manpower for the benefit of our civil society. All this has been possible due to the dedication, zeal and hard work of our dedicated team at UOL.

The University is proud to have over 15 nationalities currently studying in different departments. They include students from Palestine, Sudan, Yemen, Turkey, Syria, Somalia, Afghanistan, Nepal, Oman, Kingdom of Saudi Arabia, South Korea, Jordan, UAE, India, Uganda amongst others. The University of Lahore has a dedicated International Students Cell which manages the applications for study vacancies of the International

students, processes their admission, HEC NOC, Visa processing as well as settling the international students into the cultural diversity of the University of Lahore. The University of Lahore believes in organizing healthy cultural activities for local as well as International Students.

Strong linkages with the industry are of paramount importance for any higher education institution and The University of Lahore enjoys excellent links with international universities such as Cambridge University, UK, Xian Jiotang University China and Yeditepe University in Turkey. We also have a range of knowledge sharing and human resource development programs with major multinationals of Pakistan. Students at the University can expect excellent internship and skill development programs during the course of their education and the students are able to take full advantage of job placement, support services and further career counseling. The University of Lahore has also invested in a number of Technology park projects such as Media Technology Park: The Creative Village – a premier facility for professional media content, An Agri Technology Park and a Bio Technology park which will definitely support the growth and progressive development of our students and the country's economy as a whole.

The University of Lahore also plays strong emphasis on research as evident by the research grants available to various departments within the University and its investments into dedicated research projects and facilities such as CRIMM (Center for Research in Molecular Medicine) specializing in Cancer research. It continues to be at the forefront of research and continually strives to produce excellent graduates in areas of Sciences, Arts, Engineering, Health Sciences, Language and Literature, Information Technology and through its Business School (Lahore Business School).

The University emphasizes healthy sports and co-curricular activities. With a vibrant culture of student societies and participation through debates and dramatics, the University fosters the growth of leadership and social skills. The students are also imbued with a sense of community service through the University's extensive disaster relief program: UOL Relief, where students voluntarily participate in providing aid and facilitation to disaster affected areas of Pakistan.

The University boasts of excellent IT facilities with dedicated PC and Mac labs on premises. 72 Mbps internet is available to students in labs as well as the new wireless service on the Defence Road Campus. SAP-ERP (Enterprise Resource Planning) at UOL is a business process management that allows the organization to use an integrated system to manage the business and automate many back-office functions related to technology student services and Applications of human resources.

The University has more than 1500 study bedrooms for girls in 3 residencies on campus, and a robust transport facility for students within Lahore.

We welcome knowledge seekers and professionals to experience the enjoyable and congenial environment at our University. We are sure that you will find our programs valuable in achieving your personal goals and academic pursuits. We pray to Allah Almighty to grant you good health, prosperity and resounding success in your endeavors. It is my heart desire that you have a very fulfilling and rewarding stay at the University.

### CAREER SERVICES AND CORPORATE LINKAGES (CSCL)

Office of Career Services and Corporate Linkages (CSCL) at the University of Lahore has two main aims:

- Create strong linkages with corporate sector – Local, National, multi-national and international companies across the globe
- Prepares and empowers students for internship, employment and leadership in their communities

CSCL is dedicated to building strong and long term linkages with national and multinational leading companies, industries, government offices, and international organizations. Since the University of Lahore has an outstanding number of schools and programs, it is imperative to have a diversified linkage network. This is to facilitate students and ensure latest tools and procedures are introduced to the student body.

CSCL also works closely with our UOL alumni. Our graduated students play a pivotal role in the corporate linkages outreach programs. We work closely with our Alumni to continuously improve and expand our network.

Corporate linkages conducts a wide range of on-campus and off-campus activities with the public and private sector. Corporate linkages conduct the following main activities:

- Technical experts, thought leaders, industry specialists visit UOL for conducting workshops, panel discussions and one on one dialogue on latest trends
- Human Resource specialists from private and public sectors are invited to conduct career exploration lectures, job placement sessions and career-building workshops
- Conduct Alumni Network sessions. Alumni visit UOL and discuss their success stories with the students
- Off campus factory visits. Students learn latest industry standards and practical ways of implementing their learning and knowledge

### INNOVATION AND INCUBATION CENTER (IIC)

The University of Lahore has incorporated commercialization of academic research in its mission and foreseeing the demands of the future the University has launched Innovation and Incubation Center. The core purpose of establishment of IIC is to help in enhancing applied research across the University among different departments. The center will help the new startups to develop strong linkages in the industry and will play an important role in the economic development of Pakistan.

IIC will help in bridging the gap between the industry and academia and transform knowledge into commercial success. IIC, is a mixed use incubator supporting technological and non-technological entrepreneurial projects.

### PORTFOLIO

It is an ecommerce platform that support and promote the work of artisans in Pakistan. Ajrak choose to hop in with its own internet business store where many nameless artisans create a lot of things that make Pakistan famous all over the world.

Founder: Muhammad Itaza Khan  
CEO: Ch. Shakoor Ahmad Nasir  
Marketing Manager: Hamza Javed  
hashtag #ajrak.handicrafts

### STUDENT LIFE

UOL ensures that every individual who comes to the university gets all the support they need we have a dedicated Office of Student Affairs. The well-being of our students is our primary concern. The Office of Student Affairs (OSA) ensures just that by providing you support and guidance in matters that require professional help.

OSA is the student's point of contact for all administrative needs, including questions about finance, immigration, student cards, exams and graduation. You can visit OSA

in person or email your enquiry. You will also be able to book accommodation and sports and gym facilities through OSA and get advice on careers and placements.

Within this portal you will find services, applications, and solution to your academic & non-academic issues during your time here at UOL. Academic services handle queries regarding student's letters, semester freeze/withdrawal, issuance of interim/final transcript, examination, issuance of different certificates.

### FINANCIAL AID & SCHOLARSHIPS

Ibadat Educational Trust offers liberal scholarships for the benefit of needy students. UOL offers full scholarships to students from all across Pakistan with exceptional sports capabilities. Note: Further information can be obtained from the finance office. Financial services will deal with the students who are seeking help on financial matters like semester fee installments, concession, fines, etc.

**FORMAN  
CHRISTIAN  
COLLEGE**  
(A CHARTERED UNIVERSITY)

FCCU is privileged to be old in years and traditions, but young in ideas and innovations

FCCU has been a pioneer in many fields. We were the first college in the region to form a Graduates' Association (1896), open a Biology department (1898), adopt Co-education (1902), open a Technical Chemistry department (1919), and start Geography classes (1924). Our innovative ideas are applicable to this day.

### University Status

The decade since denationalization in 2003, and becoming a chartered University in 2004, has provided FCCU ample opportunities to implement new ideas. A genuinely liberal arts education introduced in our Baccalaureate honors program in 2004 gives undergraduates both depth and breadth of knowledge. It prepares them well for the next step in their lives, whether in jobs or further studies.

### Merit Scholarships & Financial Assistance

Our merit scholarships and need-based financial assistance program provides assistance to over 1,200 students and is also the means of ensuring that students from a wide range of backgrounds have the opportunity for an FCCU education. Teaching assistantships at the Postgraduate level allow more students to benefit from our generous financial assistance program.

### Blending Past and Future

This multi-layered education means that our graduates have been leaders in many fields - sciences, arts, judiciary, armed forces, civil service, medicine, business, etc. - since our earliest days. New infrastructure means that students have access to the latest lab equipment and facilities.

Institutional grants and MoUs with industry and research institutions offer students the chance to work on the latest research in their fields. Old traditions also continue, with an on-campus Natural History Museum and Botanic Gardens. A reinvigorated association for alumni, many of whom have generations of Formanites in their families, is helping to raise the profile of the University as well as financially supporting FCCU graduates in their studies and future careers.

We are proud of the legacy we have inherited and aware of the responsibility this places on

along the left bank of the canal. Purpose-built buildings for University students provide modern state-of-the-art facilities while the 100,000 volume Ewing Memorial Library provides online and electronic reference services. Learning is not restricted to the classrooms

us as educators of the youth of Pakistan. FCCU has an impressive and well-maintained campus with all the facilities needed to create an environment that is truly academic and conducive to purposeful learning. Centrally located in a beautiful residential area of Lahore, the campus sprawls over 108 acres

and many of the most important lessons learned during the University years are learned through participation in co-curricular and sports programs. FCCU offers a great variety of programs that provide opportunities for students to participate in activities that contribute to their learning and enjoyment.

# THE INSTITUTE OF MANAGEMENT SCIENCES

A PIONEER INSTITUTION WITH 33 YEARS OF EXCELLENCE IN HIGHER EDUCATION

The Institute of Management Sciences (IMS) is one of the oldest business management education institution in Lahore, chartered by the Government of Punjab and recognized by the HEC Pakistan. Since its establishment in 1986, IMS stands shoulder to shoulder in healthy competition with leading universities of Pakistan. Incorporating high standards in business education, IMS (Pak-AIMS) has excelled in educational standards and it is playing a vital role in the country's education by producing graduates both for the local and international market. It has established liaisons with the corporate and industrial sectors and provides a sizeable number of graduates who have been serving the country for more than three decades.

### Vision Statement

The Institute of Management Sciences aims to rigorously focus on academic excellence, discipline and integrity; develop liaison with industry and corporate sector; and promote in students the concern for their social responsibility.

### Core Values

IMS has clearly defined performance mission laid down for building highly respectable character of student community. Its values represent IMS's identity, heritage and commitment to acknowledge both personal enhancement and social progress of each student enrolled. These Core Values include:

- Integrity
- Professional Excellence
- Humility.
- Merit
- Professional Ethics

### Integrity:

Integrity is an extension of honesty; it is doing the right thing even if no one is watching. We are committed to ethical and responsible behavior in our own actions and to developing the same commitment in our students, thus fostering individuals who will have the skills, knowledge, and ability to engage positively with a diverse and changing world. Our commitment extends to all levels of our campus to foster a climate of ethical conduct, respect, responsibility, and trust.

### Merit:

An open and transparent academic

environment based on unqualified merit for all policies and activities at IMS ensuring no compromise on the abilities, performance and development of the Faculty.

### Professional Excellence:

We believe in lifelong intellectual development of students, faculty, and staff. We are committed to the free pursuit of knowledge and continuous growth in learning and teaching.

### Professional Ethics:

The Institute of Management Science values high professional standards and ethical conduct among its faculty and students.

### Mission Statement

IMS endeavors to contribute to nation building by producing high quality professionals. It aims to gain a competitive advantage through an emphasis on merit, high educational standards, professional ethics and students' personal grooming. The institute is committed to constantly upgrading of its curricula, teaching and research methods. It regularly invites speakers from industry and corporate sector to equip our students with professional skills so that they can effectively contribute to organizations and society.

## Merit & Need Based SCHOLARSHIPS are available

Students and faculty are expected to be honest, fair, and respectful of others. The cornerstone of the Institute of Management Science's conceptual framework is the metaphor of the reflective practitioner. Reflective practice involves reflecting on and taking responsibility for one's actions through the continuous planning and re-planning of professional practice. The philosophy we embed in this model advocates professional responsibility and individual awareness of one's own belief systems and limitations, as well as those embodied in the diverse populations we encounter professionally.

This involves adapting to the needs of different populations by analyzing and explaining problematic situations, testing hypotheses, and continually reformulating one's understanding of practice through critical thinking, discussion, scholarship, and collaboration.

### Humility:

Humility is the ability to be humble, not to be big-headed or boastful, and to recognize that we all still have a lot to learn.

We understand each other's perspectives and exhibit humility at all times, appreciating their experiences and ideas.

### Lifelong Learning

IMS prepares students for lifelong learning, for employment, and for their roles as citizens and parents. Innovative educational concepts help prepare graduates to contribute significantly to the workplace and the community.

### INTERNSHIPS ENHANCE MARKETABILITY

IMS is one of the largest intern-producing Institutes in the city. An academic internship is a cooperative program between the student, the institute and approved experience providers (employers). Internships enable students to obtain practical and valuable work experience, to apply skills and knowledge learned in school, and to gain exposure to various job opportunities. In most cases, an

internship is a element for bachelor degree-seeking students.

### STUDENT ACTIVITIES PROGRAM ALLOWS STUDENTS TO LEAD AND SERVE

IMS Student Activities Program meets the needs and interests of a broad and diverse student body. An array of year-round activities is offered in the areas of Outdoor, Social, Service, Talent, Fitness and Sports. Each area is structured to give students numerous opportunities for active involvement at various levels of interest and commitment. Our innovative programs help students develop character and enhance leadership skills. Within Activities, students are participants' not just spectators.

### STUDENT ARE TRAINED TO BE LEADERS

While most universities are research-focused and faculty-centered, IMS is teaching-focused and student-centered. Through hands-on student employment and leadership opportunities, hundreds of students every year are given practical opportunities to build skills that will help them become disciples of leaders in the workforce. Institute Outcomes Institute - level outcomes (which are listed below) were developed by synthesizing common outcomes from academic program across the Institute. The outcomes emphasize the importance of becoming, and highlight the fact that each outcome has increasing levels of development, from knowledge to

skill to character.

### Establishment of IMS-AI-Karim Educational Project

The Institute of Management Sciences (IMS) Lahore, formerly known as the Pak-American Institute of Management Sciences (Pak-AIMS), is a project of AI-Karim Educational Foundation (AKEF), established in Lahore, Pakistan, in 1986. The Institute's Articulation Agreement with the College of Staten Island of City University of New York (CSI/CUNY),

USA, played a vital role in developing and maturing its Computer Science programs. The IMS (Pak-AIMS) was chartered as "The Institute of Management Sciences, Lahore" by Government of the Punjab vide Punjab Ordinance No. XXIII of 2002 and was given degree awarding status.

# The Superior College Lahore

Chartered by the Govt. of Punjab as Degree Awarding Institute vide  
"The Superior College Lahore" Act XVI-2004

## The DREAMER who creates SUPERHEROES

Ph.D Human Resource Management (HR)  
A Serial Entrepreneur  
Expert & Strategist of Emotional  
Intelligence

## He knows how to turn Human Resource into Human Capital

Glancing through the Academic possibilities in Pakistan, I believe Educational Excellence is the best strategy to strengthen our national identity. 21st century revolves around innovating uniqueness, and Superior is creating hope by encouraging new ideas to bring smiles through facilitation. Focusing on IQ and EQ gives a chance to explore logics and discover yourself from within. We empower our students to work hard, be optimistic and live life to the maximum. We have a congenial environment to make them learn the subtle art of decision making, opportunity seeking and become job creators instead of job seekers. Our entrepreneurial ecosystem encourages and trains them to create their own destiny. I love to create real Superheroes. My team Superior is full of such amazing people who have always been doing the impossible. I invite you to the most memorable educational experience of your life empowered with attributes of optimism, risk taking, decision making & living for others attitude. We will transform your life and give you a chance to become a Superhero who is a catalyst of change. Join the family and let's work for a Superior Pakistan.

Prof. Dr. Chaudhry Abdul Rehman  
Chairman  
The Superior Group

## The Superior Leadership

Superior leadership is marked with an unmatched excellence & hands on practice in the fields of emotional intelligence and entrepreneurship development. The Chairman Superior Group, Prof. Dr. Ch. Abdul Rehman is a Ph.D in HR from UK and Rector Superior University Dr. Sumaira Rehman is a Champion of Entrepreneurship with her Ph.D in Entrepreneurship from UK. The Chairman himself is a serial entrepreneur with remarkable entrepreneurial successes based on his vision, risk taking & leadership qualities. His entrepreneurial brilliance is evident from Pakistan's fastest growing educational institute, The Superior Group, Nai Baat Media Network, countrywide Neo News Network and numerous more ventures. This ideally qualified leading duo is our unique and most valued strength in the education sector of Pakistan. Under this leadership, we believe to produce real Superheroes who will contribute for humanity and live a successful life.

## Entrepreneurial Ecosystem

Chaudhry Muhammad Akram Center for Entrepreneurship Development (CMACED) aims to make an entrepreneurial university with its Entrepreneurial Ecosystem. We are developing job creators instead of job seekers who will lead to an economically Superior Pakistan. We aim to prepare emotionally intelligent graduates who serve humanity like superheroes and live a meaningful and rewarding life. Our University wide Entrepreneurial Revolution Program has sprouted 526 new ideas through our Entrepreneurial Teaching & Training Program, Social Entrepreneurship Program, Research Culture and Entrepreneurial Expos. Our Incubator INNOVATION DISTRICT 92 & Accelerator SCALE UP PK are providing further facilities to mature these ideas into viable running businesses under guidance of entrepreneurship development gurus of Pakistan.

## Plan IQ & EQ

IQ is the ability to learn, understand, and apply information & skills in a meaningful way.

EQ can be defined as your potential to recognize and manage emotions personally and interpersonally.

## Split Degree Program

Superior has a keen interest in exploring new horizons by joining hands with top universities around the globe and proudly offers Split Degree Programs at undergraduate, post graduate and PhD levels with an intention to give our students access to the international arena. More than 500 students have become a part of split degree program and are spreading the Superior vision across the globe with pride.

## We welcome the world Our Continental Connections Make us SUPERIOR!

The internationally renowned, dynamic teachers and professors have joined us. With this influx of foreign faculty and students, we have cultural diversification, subject innovations, industrial emancipation and new ways of sharing, caring & transformation. Superior has also secured partnerships with 148 reputable international universities in 15 countries across the globe. Our goal of internationalization has brought Erasmus+ scholarships and Mevlana Exchange Program for our students. At Superior, we help you explore unlimited horizons of your choice by training you to grab educational & career opportunities abroad.

## Promoting Research Culture in Pakistan

Superior has a vision to promote research culture in Pakistan. Our distinguished initiatives of introducing MPhil/PhD programs, organizing international conferences, trainings and symposiums produce intellectually and emotionally sound scholars. We are proud at creating new knowledge through research and spreading Pakistan's positive image to the world.

# University of Management and Technology

The University of Management and Technology (UMT) continues to evolve to capture new realities in an incessant attempt to help individuals and organizations discover their God-given potentials to achieve Ultimate Success. In 2015, the University of Management and Technology (UMT) celebrated 25 years of 'Emergence with Eminence' in recognition of its contribution to the development of global human society. This outstanding track record has been achieved on account of UMT's visionary approach in terms of launching innovative and market driven degree programs

students are drawn from all the provinces of Pakistan including the remote areas. The UMT Campus truly reflects the diversity within Pakistan as students from Balochistan, Gilgit-Baltistan, FATA, Interior Sind, etc., interact with students from other cosmopolitan areas, thus promoting a spirit of national integration and harmony. UMT's talented and diverse student body has the intellectual capability and social skills to contribute to the development and progress of Pakistan. UMT has a strong international outlook, welcoming students from many countries which gives them international exposure and instills respect for diversity. The University has state-of-the-art science, engineering, textile and health sciences laboratories. The Information Processing Centers (IPC) at UMT facilitate students through the use of highly advanced IT equipment. The well-stocked Library and Learning Resource Center (L&LRC) has over 130,000 books, plus 80 foreign and local journals, magazines, and 21 online journals and books databases to facilitate learning and research. UMT acknowledges talented and

sub-campus in Sialkot. Over the years, UMT has become renowned for its highly rated faculty members who experienced faculty members. UMT is also committed to provide world-class learning to its students by internationalizing its faculty and degree programs. That is why UMT faculty has many foreign faculty members who have brought with them an impressive array of corporate and academic experience. This brings immense value to UMT students who will get an international study experience and take up applied research that can lead to smart solutions. Moreover, at UMT, special emphasis is given on continuous professional development of faculty through faculty development and exchange programs. More than 40 UMT faculty members have received professional development and training at George Mason University, USA, as a result of a special agreement. Thus, our students are privileged to learn from the best and our graduates are hired by leading national and international organizations for strategic positions. UMT is striving round the clock to provide the best educational experience to its students by weaving research and practical knowledge together, and aims to give them an edge over other public and private sector universities. That is why UMT has joined hands with over 60 leading international universities, established student and faculty exchange programs, and launched other collaborative measures to enhance the learning experience of the students. UMT is committed to the promotion of research culture and actively helps faculty members and students to undertake research ventures in

diverse fields. UMT has also won international recognition for scientific research. UMT is also making all out efforts to enhance academic

since its inception in 1990. When the Higher Education Commission (HEC) of Pakistan embarked on an ambitious program to reshape the future of higher education in the country at the turn of the millennium, UMT aligned its goals towards helping the nation make a transition

university. UMT has also been named among the top 500 in QS Asia University Rankings 2019. At present, 125+ accredited programs are being offered in the 14 schools and 5 institutes, operating in the University. UMT is also the first private sector university to establish HEC approved

are graduates from top universities of the world with vast experience of the corporate and business sector. With 700+faculty members including 165+PhDs and 20:1 student faculty ratio, UMT can rightly lay claim to being one of the few universities in the region that has the most highly qualified and

quality. For the last six assessments, UMT Campus is the Quality Enhancement Cell (QEC) has successfully maintained its ranking in W category (85-100) which is the highest category that can be awarded to an institution. UMT is home to 17,000+students from all over Pakistan. UMT

hardworking students, and rewards them generously. Over 2.5 billion rupees worth of financial aid have been provided to students so far. The UMT journey of excellence and leadership is progressing to educate the future generations of Pakistan.

# DO YOUR DREAMS!

MAKE THEM COME TRUE WITH **UMT**

# STUDY IN THE USA

## WHY STUDY IN THE UNITED STATES?

### ACADEMIC EXCELLENCE

Enter one of the world's best university systems, with global recognition for its excellence in virtually all fields. At the undergraduate level, outstanding programs exist in traditional disciplines and professional fields. At the graduate level, you will have the opportunity to work directly with some of the finest minds in the world.

### VARIETY OF EDUCATIONAL OPPORTUNITIES

There is something for everyone in the U.S. higher education system, whether you are looking for a theory-based course, a hands-on, practical program, or something in between. You will also have various fields to choose from, including arts and the humanities and the STEM fields (science, technology, engineering and mathematics). No matter how unusual or specific your desired field of study, you will find several options in the United States!

### OPPORTUNITIES FOR RESEARCH, TEACHING AND TRAINING

As a graduate student, opportunities to teach and conduct research can not only help finance your studies, but also add practical value to your education through insights not available from study alone. International students, with their wealth of new skills and ideas, are highly valued researchers and teachers for U.S. universities.

### CAMPUS LIFE

The quintessential U.S. college experience is about more than the time you spend in a classroom – it is also about taking advantage of a wide range of social, cultural and sporting activities, and building lifelong cross-cultural friendships while developing teamwork and leadership skills. Your time in the United States will be enhanced by experiences that develop self-confidence, independence and cross-cultural skills. Most campuses have an International Student Office, but you can also build your own network of friends, professors, and advisers who can offer support and encouragement when you need it.

### DIVERSITY ON CAMPUS

Diversity enriches the educational experience by challenging stereotypes and preconceptions and encouraging critical thinking and cross-cultural communication. U.S. universities are renowned for the diversity of their campuses and are always on the lookout for good students from Pakistan.

## AM I READY? (CHECKLIST)

There are 5 Steps to U.S. Study. Cut out this checklist and keep it in a handy spot in order to stay on track with your college applications!

- 1. Research your options**
  - Define your academic goals
  - Compile lists of safety, match and dream schools
  - Register on USEFP website for FREE EducationUSA advising [www.usefpakistan.org/advising/register](http://www.usefpakistan.org/advising/register)
  - Attend an EducationUSA open house for general guidance
- 2. Finance your studies**
  - Develop a budget
  - Research and apply for scholarships and financial aid
  - Graduate students: consider applying for the Fulbright Student Program [www.usefpakistan.org/Fulbright](http://www.usefpakistan.org/Fulbright)
- 3. Complete your application**
  - Study and register for any required tests (TOEFL, SAT, GRE)
    - Bonus: attend free TOEFL/SAT/GRE workshops at USEFP
  - Undergraduate: write personal essay, supplemental essays
  - Graduate: write statement of purpose
    - Bonus: attend Statement of Purpose Workshop at USEFP
- 4. Apply for your student visa**
  - Submit deposit and financial documentation to university
  - After receiving I-20, apply for a visa
    - Bonus: attend free Visa Seminar at USEFP
  - Attend visa interview
- 5. Prepare for your departure**
  - Buy your ticket
  - Register for USEFP Pre-Departure Orientation
  - Get settled in on your campus and your new community!

## ATTEND THE LARGEST U.S. COLLEGE FAIR IN PAKISTAN!

The South Asia Tour for U.S. college representatives is a biannual event hosted by EducationUSA dedicated to helping students discover the educational opportunities available in the United States. These free events offer a valuable opportunity for students to get face time with college representatives.

Stay tuned for the Fall 2019 U.S. College Fair – for details, visit [www.usefpakistan.org/uscollegefair](http://www.usefpakistan.org/uscollegefair)

# Sharif Education Complex Schools & Colleges

ASPIRE, GROW, EXCEL, & WIN

Dr. Arsan Ahmad Khan got distinction in Pak Studies (2059) throughout Pakistan in O-Level Cambridge Exam 2009

Junaid Saleem was topper in Mathematics throughout the world in O-Level Cambridge Exam 2010-11

### BACKGROUND

Keeping in view the scarce availability of standard educational institutions in public sector as well as its absence in the suburban areas of developed cities in Pakistan, the need for establishing an institution for both the privileged and less privileged classes of the society was strongly felt. Mian Muhammad Sharif, one of the leading philanthropists and a prominent citizen, took the initiative to pioneer the establishment of a quality, and excellence-based institution to meet the requirements and challenges of the modern educational standards.

### SPARKING STARS OF SEC

Ayesha Munir got Gold Medal in Psychology in Lahore Board 2010-11

Aqsa Rana got distinction in Urdu Language 1 throughout Pakistan in O-Level Cambridge Exam 2016-17

### SCIENCE LABS

Science cannot be mastered without practical experiments. Sharif Education Complex fully realizing this modern learning technique, has equipped the science laboratories with the most modern apparatuses which cater for the needs of scientific, electronic and technical fields.

Opening Ways of Practical Advancement Highly Equipped Physics, Chemistry and Biology Labs Supervised by Highly qualified Science Teachers

### COMPUTER LABS

A Resource Center at Sharif Education Complex gives access to the ever expanding world of information technology to undergraduate students. Computer studies is a subject option at intermediate classes and an incumbent part in its curriculum not only in the form of theory but also in practice.

Highly Equipped air conditioned lab Offers internet for students' convenience Supervised by highly qualified computer teachers & Lab assistant for sorting out technical issues

SEC feels pride in touching yet another milestone in the form of a Language Lab. for its young scholars.

### BOARDING HOUSE

With regard to the provision of educational facilities to the residents of the other parts of the country, the institution accommodates the residence issues by providing boarding facilities within the premises of the campus where students are provided with extra coaching classes, healthful meals, Islamic education and Nazra Quran.

### CO AND EXTRACURRICULAR ACTIVITIES

In modern era, education is not said to be complete without a wide range of co-curricular and extra-curricular activities which play a vital role in character building and exploration of hidden talents of students. A professionally fabricated variety of co-curricular activities are an integral part of our time-table suiting to students of different age groups.

- International IT competition
- English/Urdu poetry competition
- Debate competitions
- Quiz competition
- Essay writing competition
- Book fair
- Naat / Qirat competition
- Art competition
- Extravaganza
- Educational Trip
- Sports Gala

### TRANSPORT

The Sharif Education Complex has its own fleet of buses. Pick and drop facility is provided from pick up points in different areas through Lahore and its vicinity. Details of transport facilities and timings are made available at the beginning of each term.

### ACHIEVEMENTS OF ALUMNI

An institution is marked with the academic landmarks successfully crossed by its students. Similarly students of Sharif Education Complex have always been bringing a good name to their alma mater by not only getting through prominent examinations with flying colors but also by going to prestigious institutions and as employees their achievement have been adding feathers to the cap of Sharif Education Complex. Our O-Level students are welcomed with open arms in the most reputed A-levels campuses. Further, many of our Intermediate students have got admissions in the renowned medical, engineering and professional colleges over time.

Allama Iqbal Medical College Jinnah Hospital Lahore. Dr. Mehreen Zainab

Electrical Engineering from NUST with a President's Gold Medal Armaghan Ahmad Khan

### MISSION STATEMENT

The mission of Sharif Education Complex is to develop intellectually capable young people, the creative minds, healthy bodies, and ethical spirit needed to contribute wisdom, compassion and leadership to the global society.

### Salient Features FACULTY

The faculty of Sharif Education Complex believes in activity based learning and is highly qualified, competent, energetic and devoted. Our faculty members are strongly adhering to policy which academic the students should not require any private tutoring after college hours and all measures are taken to provide them with remedial help during their students hours or in specially scheduled classes. Besides attending extra-ordinary in-house training programs, the highly skilled faculty participates in various training workshops and seminars by foreign and local trainers.

# UNIQUE

(Since 1986)

## Educating Future Generations

Prof. Abdul Manan Khurram  
Chairman

During my journey as an educationist since 1986, Unique Group of Institutions (UGI) has made great strides in the education sector and has been successful in achieving academic excellence, professionalism, designing comprehensive and holistic education policy. Unique has always worked to groom youths for a greater Pakistan through dissemination of knowledge.

Unique has stood out among its peers by virtue of its rigorous education system, strict discipline, close adherence to the modern and traditional education besides faithful monitoring of its wards. We prepare our students for examination and improve on their past achievements with out-of-the-box teaching methodologies. That is why, Unique students have clinched scores of positions in Board examinations over the past three decades. Unique provides solutions from early childhood education to Intermediate & Entry Test. Matric and Intermediate studies must lay the foundation of a brilliant professional career in medicine, engineering, business and IT and the hard work during these years plays a vital role in the making of a great professional. At Unique, we specialize in matric and intermediate education and have coached thousands of students during the past three decades.

Over the years, Unique has groomed students into successful professionals with the help of dedicated teaching, truthful guidance, selfless services, discipline and hard work. Students have been the focus of all policies at Unique and we take pride in the fact that our students have made us proud of their achievements. Unique has never compromised on discipline and good of its wards. Moral education is at the heart of curriculum at Unique Group of Institutions. Our students have won distinctions in the Lahore Board of Intermediate & Secondary Education (BISE) Examinations almost every year and this has become possible due to our years-long educational expertise. Recognizing Unique's professional acumen, Punjab School Education Department and Punjab Education Fund (PEF) handed over the management of over 90 government schools to the Unique Group of Institutions under Punjab Schools Support Program (PSSP)

for provision of quality education in the public sector schools in 2016. Today, Unique is a household name in the field of education.

I owe my gratitude to Allah Almighty, teachers and colleagues who have worked selflessly to guide students and made the achievements of great results possible.

### Our Strengths

# Qarshi University

Mr. Iqbal Ahmed Qarshi  
Chairman

society and ultimately their nation. Qarshi University was established in March 2011 for the promotion of education in the country. The University was granted its Charter in 2011 and over the last few years, the university has expanded in scope, and has achieved important milestones. Qarshi University, although new, is fast emerging as a distinctive high performing institution and, as envisioned by its vision and mission is determined to grow as a center of excellence for higher education. It is strongly supported by Qarshi Organization, while laying the foundation of industries that ensure sustainability of its writing that QU will strive to achieve:

"Distinctive Leadership in Quality Education, Human Resource, Research and Development and Corporate Social Responsibility" This vision envisages that in the succeeding years, the University will spread the light of learning and knowledge and will fuse science, technology, faith and ethics for building a prosperous nation. This vision will always have currency and hold its appeal to ambition, collaboration, civic and social responsibility. The values on which this vision is built will remain at the heart of the University. At Qarshi University, we have a vision of education that is rooted in our rich tradition derived from values and integration of the faith and reason. The university in its essence is character center focusing on Qarshi Values. Our mission strives to produce self-respecting managers of change who are conscious of dignity of humans and can carry the responsibility of building

world, in which education and the production of knowledge will play an even greater role. We have both extraordinary opportunities to go forward and equally strong challenges to contend with relentless competition for our students and faculty, growing pressures and demands on our resources, and the increasing complexity and uncertainty of our business, economic, and political environment. Despite these challenges, we have every reason to be optimistic about our strengths and our ability to succeed. Being optimistic, we expect that coming years hold even greater promise for us. What does this require of us Our Mission and Vision aspires to answer that.

Mission: To be a premiere source of knowledge and leadership for the achievement of marketable education, learning, and research to produce managers of change in the society based on Islamic values.

Vision: Distinctive leadership in quality education, resource, research and development, and corporate social responsibility. While we must value and

preserve those things that make Qarshi University a distinctive and special place, we must also respond to a competitive and changing world. This means that we must consistently evaluate what we are doing and effect change when necessary to advance our mission. We must proceed in the spirit of continuing engagement and conversation as we refine and implement other elements of our vision set forth for the University. Our world today is more

Qarshi University, with its highly qualified faculty, moderate fees, generous scholarships, and approach that rewards success, is dedicated to achieve excellence in teaching and support to our students. I hope that we will be able to welcome you as a new member of our growing student community, one of our future proud Alumni and member of university community for the rest of your life.

Mr. Iqbal Ahmed Qarshi (Chairman)

competitive, and it is changing more rapidly. Extraordinary opportunity lies ahead of us. Seizing that opportunity will require clarity of vision and strength of commitment. As a leading university with a distinctive commitment to undergraduate and graduate education, Qarshi University aspires to unrivaled education and research to contribute to the welfare of our dear country. Qarshi University encourages individualism and helps you become the person you want to be. The goals and high standards we set for you to achieve will challenge you but we will also ensure all the support that you need, and development and RD

Mr. Iqbal Ahmed Qarshi is the Chairman and Chief Executive of Qarshi Brands private limited, a research and development company and owner of world acclaimed brands like Qarshi Jam-e-Sheeren and Johar Joshanda. He is also chairman of Qarshi Foundation, a welfare organization registered under Trust Act. Mr. Iqbal Ahmed Qarshi is a visionary, leading a team of world class professionals, who has transformed Qarshi industries private limited into a leading natural products manufacturing company of the world. Qarshi Research Industries (QRI) at present hosts an international level testing and development and RD

Qarshi University further enriches the educational landscape of Lahore, a city known as Pakistan's educational capital, with highest number of colleges and universities in Pakistan and home to some of Pakistan's oldest educational institutes. Lahore boasts a literacy rate of 80% and is Pakistan's largest producer of professionals in the fields of science, technology that include various disciplines including IT, engineering, medicine, nuclear sciences, telecommunication, pharmacology, biotechnology, and microelectronics, and nanotechnology. Lahore is also a major financial hub of Pakistan with a gross domestic product (GDP) estimated at \$60 billion with a projected to be \$102 billion by the year 2025. A major industrial agglomeration with about 9,000 industrial units. Lahore has shifted in recent decades from manufacturing to service industries. Some 42% of its work force is employed in finance, banking, real estate, community, cultural, and social services. The city is Pakistan's largest software hardware producing center, and hosts a growing computer-assembly industry. The city has always been a center for publications where 80% of Pakistan's books are published, and it remains the foremost center of literary, educational and cultural activity in Pakistan. Qarshi University is located at banks of famous and beautiful canal bank of

to his service towards education in general and field of Tibb in particular. Qarshi University under the leadership of Mr. Iqbal Ahmed Qarshi is destined to emerge as a distinctive high performing institution and a center of excellence for higher education.

Lahore. Canal bank cuts across all major administrative, economic and financial hubs of city. In addition, QU is connected to all major districts of Lahore through major arteries such as Multan Road and Ring road and students can avail Lahore Metro Bus System and Orange Line mass transit system available on these routes. There are many modern residential accommodations available within walking distance of University. This places Qarshi University in a very advantageous position offering students all civic amenities and tremendous opportunities to its graduates for employment and career growth.

Academic Life New students will find university's study experience significantly different to their previous school or college. Qarshi University's faculty academic advisers and counselors will help you adapt to this paradigm shift in learning keeping in view the individual needs of the learner. Student at Qarshi University will be exposed to traditional methods such as lectures, workshops and seminars complemented by digital learning environment. They will have access to state of art computing facilities Wi-Fi and robotics lab. Here at Qarshi University the subjects you choose will depend upon your career choice (degrees program choice) resulting in variety of subjects and teaching/assessment methods. QU provides its students all necessary facilities that they will need to support and enhance their academic studies. Beginning 2019 QU is investing 900 million rupees for construction of a huge academic block housing brand new laboratories, lecture theatres and an impressive library to ensure a first-class academic environment.

Qarshi University further enriches the educational landscape of Lahore, a city known as Pakistan's educational capital, with highest number of colleges and universities in Pakistan and home to some of Pakistan's oldest educational institutes. ITU's Electrical Engineering Department leads the way in Robotics

**About ITU**  
The Information Technology University (ITU) of the Punjab, located in Lahore, is a public university which was chartered in 2012 and offers the following programs

- Undergraduate**  
BS in Computer Science  
BS in Economics (with Data Science)  
BS in Electrical Engineering  
BS in Management & Technology
- Graduate**  
MS in Computer Science  
MS in Data Science  
MS in Development Studies: Development, Technology & Policy  
MS in Electrical Engineering  
PhD in Computer Science  
PhD in Electrical Engineering  
Executive MBA in Innovation, Technology & Entrepreneurship

All the degree programs offered by ITU are recognized by the Higher Education Commission of Pakistan and other accreditation bodies, i.e. Pakistan Engineering Council, National Computing Education and Accreditation Council. ITU seeks to nurture an environment of high-tech research and entrepreneurship with world-class faculty, an in-house start-up incubator, as the sole licensee of the MIT Technology Review in Pakistan and established government and industry linkages. The Information Technology University of the Punjab was established in 2012 with a vision to advance scholarship and innovation in the areas of science, technology and engineering. Presently housed at Arfa Software Technology Park, the groundbreaking for ITU's 184-acre, purpose built campus took place in 2018. ITU boasts more than 60 faculty members, all with foreign PhDs. It was awarded the 'W' ranking by National Computing Education Accreditation Council (NCEAC) for its Computer Science Department. ITU is committed to supporting and nurturing academic excellence and offers merit and need based scholarships to admitted students.

**Scholarships**  
ITU believes in supporting and nurturing academic excellence. Both merit and need based scholarships are awarded to students. Scholarships are also available from the Punjab Educational Endowment Fund (PEEF) for both graduate and undergraduate programs. Top ten students for MS Computer Science and MS Electrical Engineering are awarded graduate fellowships. PhD programs are fully funded.

## ITU Facilities:

**Lincoln Corner**  
Students of Information Technology University Lahore have easy access to the Lincoln Corner, the state of the art digitally equipped first of its kind library in Lahore, the 19th Lincoln Center of Pakistan. Students here benefit hugely through books, magazines, articles, videos, internet, databases, and programs from around the globe. Also, students have the opportunity to attend regularly scheduled programs on English language learning, Makerspace activities, Education USA advising, and cultural programs to promote open dialogue and build bridges of understanding.

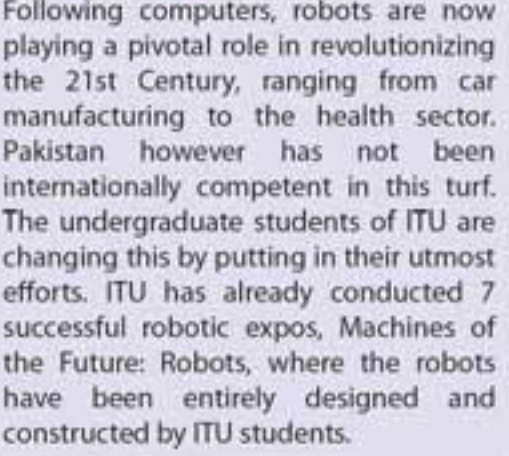

**ITU Library**  
Our multi-disciplinary library designed to serve the faculty, students, researchers and staff of the university provides orientation programs, hands-on trainings, in-class sessions, and workshops and seminars on various instructional and research tools like Turnitin, Endnote, SPSS, and also on the use of various electronic databases. Its rich and diverse collection of materials is ideally suited to encourage and support both scholarly pursuits and practical research activities. Currently it houses over 6,000 printed and 200,000 ebooks, allows access to 35,000 electronic journals, and also has other materials including audios, videos, CD-ROMS, DVDs, etc.

**Entrepreneurship**  
PLAN 9 and PLAN X, Pakistan's pioneering technology startup incubators and accelerator centers, provide entrepreneurial mentorship to ITU students. Plan9 provides an environment that is conducive to young entrepreneurs and business development. In short, Plan9 is a catalyst for new businesses and help early stage tech startups grow and thrive into successful and self-sustainable businesses. PlanX aims to empower commercially viable mid-stage technology startups by providing access to multiple funding channels, specialized network of mentors and global exposure to establish high impact businesses.

**Makeistan**  
A project of Information Technology University (ITU), Makeistan is a community of makers with a shared passion for innovation through collaborative, hands-on learning. Here our students and aspiring creators from all walks of life and levels of experience are provided a platform to come together to build their dream projects.

**Machines of the Future: Robots**  
Following computers, robots are now playing a pivotal role in revolutionizing the 21st Century, ranging from car manufacturing to the health sector. Pakistan however has not been internationally competent in this turf. The undergraduate students of ITU are changing this by putting in their utmost efforts. ITU has already conducted 7 successful robotic expos, Machines of the Future: Robots, where the robots have been entirely designed and constructed by ITU students.

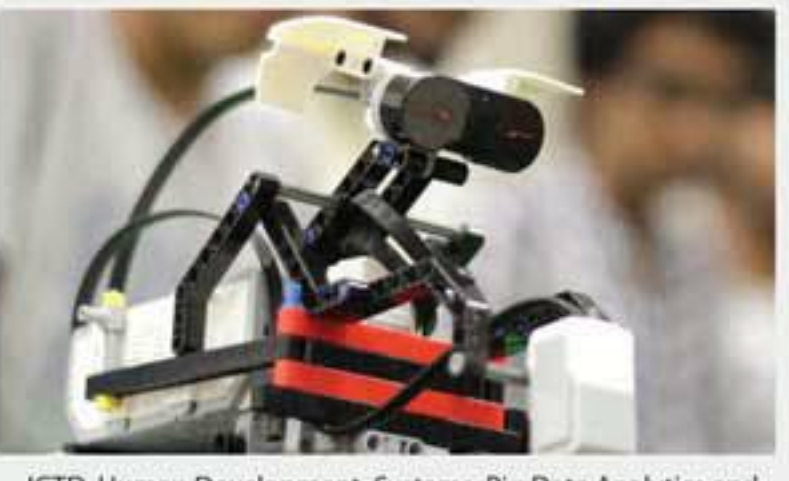

**Campus Radio ITU-FM 90.4**  
ITU's campus radio offers unique opportunities to students to participate and contribute. It is a key medium to reach out to, interact with and impact the local community. It is a platform to empower students and provide them with a creative hub where they can express themselves, and also garner real life experience from the local community, by getting involved in charities and businesses.

**Research Labs**  
ITU also has cutting-edge applied research centers that are doing groundbreaking work in bridging the technology and knowledge divide present in developing countries and fostering multidisciplinary innovation and entrepreneurship. ITU aims to empower its graduates with skills to become job providers instead of job seekers.

**KIPS** | ENTRY TESTS PREPARATION

**LEAD WITH THE**  
**PREPARED**

**Social Media Pakistan 03164767348**

**Pakistan's No. 1 Entry Tests Preparation Network**

**WHY JOIN KIPS?**

KIPS is the hallmark for all kinds of Entry & Aptitude Tests Preparation, across Pakistan. Achieving top positions and excellent results every year in entrance exams for Medical, Engineering & other Professional Universities has earned the name of trust & excellence for KIPS. We evaluate our students through original test pattern, provide them ample practice and prepare them holistically to perform at their best in all kinds of Entry & Aptitude Tests.

**A Glimpse of Our Features:**

- 26 years of academic excellence & experience
- The largest entry tests preparatory network of Pakistan
- Highly experienced entry tests specialist teachers from Lahore
- Support teaching facility available for individual assistance
- Result-oriented & position winning teaching methodology
- Exclusive and Composite preparatory sessions to cater maximum career options in medical, engineering, IT, commerce, business, finance e.g. FUNG, LMDCAT with FCNA, ETEA/KMU Plus (with FCNA), LMDCAT/SET Plus (with FCNA),

- FUNG Plus, FUNGETEA Plus, MFUNG Plus etc.
- Upto 100% Merit-based scholarships for F5c high achievers
- Longer MDCAT & ECAT sessions available for preparation till entry test
- Evaluation, practice & preparation through original MCQs of past papers
- KIPS exclusive preparatory material, KIPS Entry Tests Preparation & Practice Books for efficient preparation
- Target-oriented lectures, tests & discussions as per latest syllabus & paper patterns.
- Assistance in registration & application process for renowned universities
- Student Care & Counseling Department (SCCD)
- Practice of Test attempt on actual answer sheet pattern (Bubble Sheet)
- Special fee waiver for KIPSAINS
- Centrally Administered & Highly Disciplined Environment
- Centrally administered quality assurance
- Transport & Hostel Facilities

**80,000+ MCQs Bank:**

- On Campus Practice MCQs (KIPS Entry Test Series + Class Tests) for Single Sessions: 20,000+ MCQs
- On Campus Practice MCQs (KIPS Entry Test Series + Class Tests) for Combined Sessions: 30,000+ MCQs
- Online Question Bank to Every Student through LMS: 30,000+ MCQs

**Air-conditioned Classrooms with power backup for uninterrupted study hours**

**No Compromise when it's about your Career.** Join us to get:  
The leader advantage  
The career advantage  
The KIPSAINS advantage

**KAM KIPS ACADEMIC MODEL**

**For Entry Tests Preparation**

1. Exclusive Career Guidance - Right Info at Right Time
2. Holistic Syllabus Coverage & concept building (Based on R&D)
3. Pedagogical Techniques for Attempting MCQs
4. Contractions, Rigorous & Comprehensive - Evaluation, Practice & Preparation
5. KIPS Unparalleled Teaching Methodology comprising: On Campus, Online & On Your Own Prep Plans

**LMS Online Learning Management System - LMS**

- Learning Beyond Time & Place
- All Sessions, All Subjects, Anywhere, Any time
- Desktop & Mobile App

**REVISION**

- Video Lectures
- Reading Contents
- Koogler

**TESTS**

- Exclusive Online Tests for Evaluation, Practice and Preparation
- Test Schedule Synchronized with Day Wise Study Plan of KIPS Sessions
- Customized & Unique Tests for each student
- Topic wise, Cumulative & Full Length Tests
- Revision Tests based on incorrect and Unattempted Questions
- Unlimited Access to Practice Material till Test Date

- RESULTS**
- Immediate Results
  - Answers with Explanations
  - Comprehensive Result Feedback (Graphical Comparison of Attempted Tests)

- Students & Parents Portals**
- Attendance
  - Results
  - Time Table
  - Notifications & Alerts (Educational Ads & News such as Admissions Open at UET, MDCAT Test Date announced by UHS etc.)

**CAREER GUIDES**

Career guide booklets for medical/ engineering & other fields by KIPS.

**CAREERS @ MEDICAL / CAREERS @ ENGINEERING & OTHER FIELDS**  
Exclusively for Punjab, KPK & AJK

**Support TEACHERS**

24/7 Online Subject Teachers' availability for individual queries.

**24 hours Teachers Online**

**KIPS ENTRY TESTS PREPARATION PRACTICE BOOKS**

- Preparatory & Revision Books
- Practice Books
- Practice Exercises
- Self-Assessment Tests
- Past Papers
- Supplements
- For Exclusive Sessions Theory - Revision & Practice
- Test - Evaluation

**The Complete Package!**

**Career Counselor**

Explore the best options, make the right decision at the most critical stage of your academic career and learn how to get there. After all, what gets decided now will determine the future.

Visit your nearest KIPS Preparations Campus today to meet the best team of Career Counselors.

**OFFERED SESSIONS 2019**

**Pre-Medical Students**

**MDCAT Plus**

- Exclusive Preparatory Session for MDCAT (Medical & Dental Colleges Admission Test)
- MDCAT is the central provincial test for all Medical & Dental Colleges & Universities across Punjab
- 65 Days Duration (Approximately)

**LMDCAT Plus (IHS Exclusive)**

- Long MDCAT - Up till Test Date (More than 1 Month's Duration)

**LMDCAT Plus (with FCNA)**

- Long MDCAT with FCNA (F5C, C-CMB, H-REMS, A-AMC)
- Preparatory Session for MDCAT, FMDC, CIVIL, NUMS & AMC
- Up till Test Date

**AKU Plus**

- Preparatory Session for AKU - Up till AKU Test Date

**NUMS Plus**

- Exclusive Preparatory Session for NUMS Entrance Test
- 65 Days Duration (Approximately)

**ETEA/KMU Plus**

- Exclusive Preparatory Session for ETEA (Educational Testing & Evaluation Agency)/KMU (Khyber Medical University) 2 Months Duration

**ETEA/KMU Plus (with FCNA)**

- Preparatory Session for ETEA/NUMS/PMDC, CIVIL, NUMS and AMC
- Up till ETEA/NUMS/PMDC Test Dates (More than 1 Month's Duration)

**MDCAT/SET Plus**

- SET (State Entry Test)
- Exclusive Preparatory Session for MDCAT & SET
- MDCAT is the central provincial test for all Medical & Dental Colleges & Universities across Punjab
- SET is central test for AKU (~65 Days Duration Approximately)

**LMDCAT/SET Plus (IHS Exclusive)**

- Long MDCAT / SET
- Up till MDCAT Test Date (More than 1 Month's Duration)

**LMDCAT/SET Plus (with FCNA)**

- Long MDCAT / SET (with FCNA)
- Preparatory Session for MDCAT, SET & NUMS
- Almost 3-3½ Months Duration

**Pre-Engineering, ICS, G.Science & Others Students**

**ECAT Plus**

- Engineering Colleges Admission Test
- Exclusive Preparatory Session for UET & Other Public Sector Engineering Universities across Punjab - Up till Test Date

**NUST Plus**

- Exclusive Preparatory Session for NUST (National University of Science & Technology) Entrance Test - Up till NUST-III Test Date

**FUNG Plus**

- Extensive Preparatory Session for almost all major engineering universities for Engineering, Computer Sciences & Business Programs
- Entrance Test of FAST, UET, NUSS, GIKI, PIEAS, IIT, COMSATS & Multiple others.
- Up till Test Date

**ETEA Plus**

- Exclusive Preparatory Session for ETEA (Educational Testing & Evaluation Agency)
- 2 Months Duration Approximately

**FUNGCTEA Plus**

- Preparatory Session for almost all major engineering universities for Engineering, Computer Sciences & Business Programs
- Entrance Test of FAST, UET, NUSS, GIKI, PIEAS, IIT, COMSATS & Multiple others.
- Up till Test Date

**FAST/ASE Plus**

- Exclusive Preparatory Session for FAST Computer Sciences & Business Administration Programs
- ASE - Lahore School of Economics - 45 Days Duration Approximately

**G.PREPPS Plus**

- Designed for preparation of 50+ Universities conducting their own test through NTS
- Section teaching & tests very close campus to campus depending upon topics in that test of local university. - 45 Days Duration Approximately

**MECAT Plus**

- Exclusive Preparatory Session for MUST & UET - 2 Months Duration Approximately

**MFUNG Plus**

- Extensive Preparatory Session for almost all major engineering universities for Engineering, Computer Sciences & Business Programs
- Entrance Test of MUST, FAST, UET, NUSS, GIKI, PIEAS, IIT, COMSATS & Multiple others.
- Almost 3 Months Duration

Beaconhouse National University (BNU) is Pakistan's first Liberal Arts University, founded in 2003 as a not-for-profit, private institution providing tertiary education. It was conferred the degree awarding charter by the Government of the Punjab in 2005.

In the last fifteen years, BNU established itself as an institution of choice for disciplines including Visual Arts and Design, Architecture, Media and Mass Communication, Education, Computer & IT, Liberal Studies and Psychology. The latest addition to its academic undertaking is the School of Business that is steadily acquiring recognition in the market.

BNU offers over 30 academic programs at undergraduate and graduate levels. With an unwavering spirit in furnishing a superior degree design, BNU has remained successful in promoting interdisciplinarity directly needed to nurture and inculcate sensitivities that are in great demand for a progressive, cohesive and a dynamic society.

As for the vertical progression of its offerings, BNU received accreditation to award its first PhD degree in the area of Mass Communication last year besides its continued contribution of doctoral scholars in Psychology. This year, the School of Business is opening its doors to the first cohort of the MBA program.

Spread over 35 contiguous acres of prime land, BNU campus is within five-minute reach of newly developed housing projects such as Bahria Town and Lake City. It is conveniently accessible from all major localities of Lahore including DHA (via Lahore Ring Road).

The physical infrastructure features three fully operational academic blocks, an administration block, School on Urban Crises and Trends in state-of-the-art studio and lab facilities, indoor and outdoor cafeterias and ample space for outdoor sports.

BNU is incrementally improving on its campus and facilities with the latest addition of a purpose-built hostel

facility, an extension block for the Razia Hassan School of Architecture (RHSA), a library block and a cricket ground.

The on-campus boarding compound is a 42,000 sq. ft. segregated facility for girls and boys, each with a common room, a visitor's lounge and a laundry. A separate facility to provide accommodation for international faculty is near completion. The four-story RHSA extension block is a 25,348 sq. ft. facility for additional studio spaces and faculty offices.

Newly constructed hostel block at Tarqil Campus

As for BNU's research undertakings, some of the contributions with national and international recognition by our senior faculty and alumni in 2018-19 only are as follows:

- Dean, Mariam Dawood School of Visual Arts & Design (MDSVAD), Rashid Rana has been appointed a member of the Prime Minister's commission on Heritage buildings. Professor Rana had his solo presentation at Armory Show, New York, USA and is also invited to create a public art monument at a prominent location in central Lahore and for participation in Chennai Photo Biennale. Prof. Rana and MDSVAD faculty including Risham Syed, Ayaz Jokio, Aroosa Rana, Unum Babar, Matt Kushan, Ghulam Mohammad and Mehboob Johio participated and donated work for 'Art for Education' initiative in its landmark exhibition curated by Professor Emeritus, Salima Hashmi entitled 'Contemporary Artists from Pakistan' held at Milan, Italy.

- Dean, Razia Hassan School of Architecture (RHSA), Dr. Gulzar Haider was invited to deliver a series of lectures and graduate seminars at the 5th International ILEM Summer School on Urban Crises and Trends in the Muslim World held in Istanbul, Turkey in July last year. Associate Professor, Omar Hassan of RHSA has been appointed on the Federal Committee to suggest the adaptive re-use of Government Buildings across the country having Heritage value.

- In the School of Business (SB), two research articles of Dr. Zariyah Sheikh were published in impact factor journals of international repute. A research article by Mr. Ijaz Hussain was published in an impact factor Pakistani Journal besides two research articles by Sana Iqbal in impact factor journals, Global Business Review and the Journal of Asian Economics. Hafsa Tanveer's paper was published in an impact factor journal of Economic Modelling.

- In the School of Computer & IT (SCIT), research article co-authored by Assistant Professor, Dr. Iftikhar Hussain, in collaboration with

- Dean, School of Media and Mass Communication (SMC), Dr. Taimoor ul Hassan's four research articles were published in the IEEE Access Journal. Assistant Professor, Zubair Anwar, published in HEC-recognized international and national journals. Dr. Hassan chaired a session at the Quality Book of Knowledge (SQBK) of International UNESCO Conference on American Service Quality becoming Safety of Journalists. He also participated in the prestigious Global Media Forum held in Bonn, Germany, by Germany's top international broadcaster, Deutsche Welle (DW).

- MDSVAD alumna, Kubra Khademi emerged on the international stage as a renowned young artist with works exhibited in France, Cameroon and USA.

Extension block of Razia Hassan School of Architecture

- Basir Mehmood, a recipient of a permanent life member of stipped for established artists by the Common Room of Wolfson College, Mondrian Fund Netherlands, was featured at the Berlin Biennial and at a member not resident in Britain. He was also invited to visit the South Asia Centre at the University of Heidelberg last summer as a research fellow.

- Ehsan Ul Haq was part of the prestigious ACC-Rijksakademie Dialogue and Exchange program 2018 in South Korea.

- Aimen Fatima of RHSA won the tradition of past years, IP made Nippon Paints Asia Young Designer invaluable contributions in empirical research. Dr. Rishi, Dr. Farhat Jamil and Ms. Fatima Nadeem have to their Amna Shahzad and Maruf Jamal credit publications in impact factor journals of British Psychological Society and American Psychological Association as well as in HEC present her work in Singapore for the approved X-category journals. In all, final phase of the international award IP published 10 research papers.

- Theatre, Film and TV student, Alizeb Raees' film Jahan Ara got selected were published in impact factor and screened at the Cannes Film Festival 2018.

- In the School of Business (SB), two research articles of Dr. Zariyah Sheikh were published in impact factor journals of international repute. A research article by Mr. Ijaz Hussain was published in an impact factor Pakistani Journal besides two research articles by Sana Iqbal in impact factor journals, Global Business Review and the Journal of Asian Economics. Hafsa Tanveer's paper was published in an impact factor journal of Economic Modelling.

- In the School of Computer & IT (SCIT), research article co-authored by Assistant Professor, Dr. Iftikhar Hussain, in collaboration with

# Social Media Pakistan 03164767348

World Class Education  
At Your Door Step!

## EARLY ADMISSIONS Fall '19

### Mariam Dawood School of Visual Arts & Design

- BA (Hons.) Interdisciplinary Expanded Design & Art
- BFA Visual Arts
- B.Des. Visual Communication Design
- B.Des. Textile, Fashion and Accessory Design with specialization in:
  - Textile & Fibre
  - Fashion
  - Jewellery & Accessories

### Razia Hassan School of Architecture

- B. Arch (5 year, PCATP accredited)

### Seeta Majed School of Liberal Arts & Social Sciences

- BA (Hons.) in Liberal Studies
- BA (Hons.) in Social Sciences with major in Liberal Studies and minor in:
  - Media Studies
  - Theatre, Film & TV

### Institute of Psychology

- B.Sc. (Hons.) Applied Psychology
- MS Clinical & Counseling Psychology
- M.Phil Applied Psychology
- PhD in Psychology

### School of Computer & IT

- B.Sc. (Hons.) Software Engineering\*
- B.Sc. (Hons.) Computer Science

### Scholarships

- Merit-based\*\*
- Up to 60% scholarship for candidates with outstanding academic performance in intermediate, A-level/equivalent or BA/BS (Hons.) degrees
- Need-based\*\*
- Up to 50% financial assistance upon verification of financial hardship
- \*\* Applicants meeting both criteria can avail scholarship of up to 100% fee-waiver
- \*\* Terms and Conditions apply

### School of Media and Mass Communication

- BS (Hons.) Communication & New Media Technology
- BA (Hons.) Social Sciences with major in Media Studies Specialization Areas:
  - Digital Media
  - Broadcast Media
  - PR & Advertising
- BA (Hons.) Social Sciences with major in Theatre, Film & TV Studies
- MA Mass Communication
- MS Public Relations & Advertising
- MS Film & Television

### School of Business

- BBA (Bachelor of Business Administration)\*
  - Information Technology
  - Finance
  - Supply Chain Management
  - Marketing
- \* Option to choose Double Majors
- MBA (Master of Business Administration) with specialization in:
  - Marketing
  - Finance
- B.Sc. (Hons.) in Economics
- B.Sc. (Hons.) with major in Economics and minor in Media Studies
- B.Sc. (Hons.) with major in Economics and minor in Finance
- B.Sc. (Hons.) Double Majors in Economics and Finance

### School of Education

- BS (Hons.) Education and Language Studies
- BS (Hons.) in Educational Leadership and Management
- M.Phil Educational Leadership & Management\*
- M.Phil Linguistics and TESOL\*

### \*NACTE accredited

# CHARTERED ACCOUNTANCY

## A standard that the world follows

### WHAT IS CHARTERED ACCOUNTANCY?

Chartered Accountancy is a rewarding career and there are excellent prospects for employment in audit firms as well as in local companies, multi-nationals, and local and foreign banks. To become a Chartered Accountant you need to be motivated, possess analytical skills, numerical ability, a keen sense of what is going on in the world of business and finance, and personal qualities such as reliability and discretion. You will be required to study accounting, auditing, finance, taxation, management, business and information systems.

### WHAT IS THE INSTITUTE OF CHARTERED ACCOUNTANTS OF PAKISTAN?

The Institute of Chartered Accountants of Pakistan (ICAP) established under The Chartered Accountants Ordinance, 1961 is a self-regulatory body of professional accountants in Pakistan. It represents accountants employed in public practice, business and industry, and the public and private sectors. ICAP professionals are spread across the globe and are in high demand due to their professional competence, integrity and drive for professional excellence. With an 8000+ member network ICAP is a premier Accountancy body and a symbol of prestige.

### WHAT IS CA PAKISTAN QUALIFICATION?

The globally recognized qualification by the Institute of Chartered Accountants of Pakistan gives students a thorough understanding on key subjects relating to both accounts and non-accounting fields.

The intensive training of 3.5 years would result in you becoming a world class professional. Currently our Chartered Accountants are working in top positions in leading organizations of Pakistan and all over the world.

### WHAT SCHOLARSHIPS ARE AVAILABLE?

For all interested students, there are two types of scholarships available.

#### Edhi CA Pakistan Talent Scholarship

The Institute of Chartered Accountants of Pakistan (ICAP) launched the Edhi CA Talent program in 2012 with the objective of preparing top talented youth for Chartered Accountancy. A good number of students have been given scholarships by ICAP under the umbrella of Edhi CA Talent program till now. All the recipients of this scholarship are among top 20 position holders of their respective intermediate boards.

#### Eligibility Criteria:

The applicant must be among the top 20 students in the merit list of HSC/ F.SC/ I.Com/ FA/ ICA of respective intermediate boards. Talented students of Sind, Punjab, Baluchistan, Khyber Pakhtunkhwa, FATA, Gilgit Baltistan and Azad Kashmir.

#### Program Highlights

Subject to continuous performance, following financial support will be given to the selected student:  
No registration Fee  
No examination Fees  
No Tuition Fees  
Monthly Stipend  
Boarding & Lodging Expenses (Conditions Apply)

### Endowment Fund

The Institute has established the Students' Endowment Fund in 2008 to support bright and financially deserving students who want to pursue Chartered Accountancy education. Applications are invited from deserving students through their RAETs, who must fulfill the following criteria:

- AFC Level  
Minimum 80% in HSSC or equivalent qualification  
Minimum 65% marks in graduation/ post graduation; or  
Minimum 2 Bs in A-Levels
- CAF Level  
For 1<sup>st</sup> Attempt at CAF level, AFC should be passed in first attempt  
After the 1<sup>st</sup> Attempt at CAF level, all subjects to be passed in first attempt or overall a maximum of one failure in CAF level shall be acceptable.

### PROFESSIONAL AFFILIATE SCHEME

ICAP Launched a mid-tier qualification, termed the "Professional Accounting Affiliate" to recognize the efforts of those students who have completed the required practical training and passed a significant part of advanced stage of CA qualification by awarding them the 'Professional Accounting Affiliate' status. Such advanced stage students are well recognized for their competence locally and internationally, owing to Institute's high quality education and examination system and rigorous training regime.

The holder of this certification is an officially recognized part of the Institute's professional family and would be entitled to use the designation of 'Professional Accounting Affiliate' or 'Affiliate'.

### BASIC ELIGIBILITY CRITERIA:

If you have completed the practical training under the bye-laws and passed either of the following sets of papers you will be eligible for certification as 'Professional Accounting Affiliate':

- Papers of Modules E and F by before August 1, 2016:
- (i) Advanced Accounting and Financial Reporting; and
  - (ii) Any two papers of Modules E and F.  
OR equivalent examinations
- Papers of Certified Finance and Accounting Professional examinations effective from August 2, 2016:
- (i) Advanced Accounting and Financial Reporting;
  - (ii) Advanced taxation; and
  - (iii) Business Management and strategy.  
OR equivalent examinations

Why is this font small?

- A-Level
- 14 or 16 years Graduate

### Scholarship Scheme

Top 20 position holders in the merit list of respective Intermediate boards can apply for the fully funded Edhi CA Talent Program scholarship.

# Institute of Space Technology

**About IST** Technology has achieved an an of research and astounding success in development. We a short span of 17 surpass our limits on a years, owing to the daily basis, as each concerted efforts of its new day hosts an leadership, faculty and innovation-ideas that students to stand out in shape humanity's the field of progress in its ever engineering and to upward climb. In light create a national center of the importance of excellence in space empowering academia technology. Today, and equipping it with IST is proud to the necessary tools to consider itself a leader do its part in striving in Space Science and for the zenith of R&D, Technology and is that an institute would be established, its purpose being to impart specialized education in space and related science to bring our nation at par with the international community. Similarly, IST is also Institute of Space the only university of

Pakistan that has sent a satellite (iCUBE-1) to the Lower Earth Orbit (LEO) this was done on November 21, 2013. IST is making continuous efforts to reach a level where it will be compared with international universities in terms of quality education and research. **Departments and Academics** Keeping in tandem with the modern global educational scenario, IST has striven towards academic excellence and perfection at all levels whilst ensuring that professionals produced by the institute should be equipped with required skillset to meet the socio-economic challenges of the world. In a bid to improve quality, competitiveness and to arouse creativity, IST has special programs to cater for the unique requirements of each course offered. As an initial step to ensure that all courses offered are in line with the market needs, the faculty constantly reviews the overall curriculum in a bid to produce engineering graduates of the

highest caliber. **Graduate and Undergraduate Programs offered by IST:** IST is offering Graduate and Undergraduate programs in the following disciplines: Aerospace Engineering (PhD/MS/BS) Avionics Engineering (BS) Electrical Engineering (PhD/MS/BS) Mechanical Engineering (PhD/MS/BS) Materials Science Engineering (PhD/MS/BS) Space Science (BS)

Mathematics (PhD/MS/BS) Astronomy and Astrophysics (PhD/MS) Remote Sensing and Geo-information Science (MS) Global Navigation Satellite Systems (MS) **Sponsorships/ Scholarships at IST:** IST is dedicated towards ensuring that financial issues do not become a barrier of the nation, our between deserving graduates are also students and quality serving nationally in education, as such it PTA, CAA, Aviation offers many industry, WAPDA, scholarships which IWASRI, EPA, include sponsorships OGDCL, Geological specially catered for Survey of Pakistan,

Urban Unit, PCRWR, Pakistan Meteorological Department, Broadcasting Centers, Mobile Communication Companies, Agriculture/Food Sector, national and international airlines. In addition to this, they are also involved in the aviation industry at some of the leading organizations both local and abroad such as Airbus, Emirates Air Blue, Shaheen moreover some have attained a pinnacle through their involvement with various European Space Agencies. o be a fertile breeding ground for the engineers and scientists of tomorrow.

## Pakistan Institute of Public Finance (PIPFA) Accountants

## EVS Professional Training Institute

In start of 21st century Pakistan's software industry started growing and there was a need of highly skilled human resource in software technologies. Mr. Ali A Malik, a renown IT Professional, founded an IT Training institute with name of EVS Professional Training Institute to cater this need. First branch of the EVS Institute was established in Lahore and in couple of years their operations expanded to Faisalabad and Rawalpindi / Islamabad. EVS also has plans of creating state of the art training institutes in Karachi, Peshawar and Multan.

EVS has designed several professional courses to fulfill requirements of software industry of Pakistan. Some of the courses are designed for individuals and some are designed for organizations. Professional IT courses for individuals are offered in the form of regular courses at EVS institutes in Lahore and Rawalpindi / Islamabad. Courses for designed material for the course. EVS has been providing quality IT education in Pakistan for 14 years. In this duration EVS has trained more than 40,000 students in Lahore, Faisalabad and Rawalpindi / Islamabad. More than 1000 batches of different IT courses have been completed successfully. Thousands of EVS students are working in renowned public and private sector organizations of Pakistan. Hundreds of experts from software industry have contributed in EVS as a faculty member. EVS won "Brands of the Year Award" by Brands Foundation of Pakistan in 2010 in "IT Training" category. EVS was also nominated for "Consumer Choice Award" in 2015 by Consumer Association of Pakistan in the same category. EVS also collaborates with international educational and technologies companies for providing quality IT education to its students. EVS got associated with Microsoft as Microsoft IT Academy in 2010, with Prometric as Authorized Testing Center in 2010, with CISCO as CISCO Network Academy in 2011 and with Pearson VUE as Authorized Test Center in 2014.

# Campus France

FRANCE MEANS  
WORLD-CLASS  
RESEARCH

CHOOSE  
FRANCE

**What is Campus France?**  
Overseen jointly by the French ministries of foreign affairs and higher education and research, Campus France is dedicated to the promotion of French higher education abroad, and providing support services for international students, scholars, and scientists. Campus France supervises the France Alumni platform. The website allows foreign graduates of French higher education and foreign researchers to stay in touch with France, to communicate with each other and access a large number of internships and employment offers. 300,000 people have already joined the network, from around the world. To carry out its international activities, Campus France relies on a network of more than 250 local offices in 124 countries. A Campus France office in Pakistan has just opened in April 2019 within the premises of the Alliance Française of Karachi.

**Why studying in France?**  
According to the latest UNESCO data, France is the 4th most popular choice of internationally mobile students after the United States, the United Kingdom, and Australia. And it is the first non-English-speaking country in the rankings, just ahead of Germany. The knowledge of French language is not a prerequisite for English taught degrees. French universities offer more than 1,400 degree programs in English language. We however advise prospective students to visit one of the 3 Alliances Françaises located respectively in Islamabad, Lahore

and Karachi, to learn basics of French language before their departure for France. Main benefits to study in France: prestigious postsecondary institutions affordable tuition fees cutting-edge science and research a central place in the European Union a rich culture and history and a renowned quality of life. International students in France are eligible to a number of advantages related to housing subsidy(CAF)

program is to develop new scientific and technological cooperation between French and Pakistani higher education institutions/research laboratories by supporting the mobility of researchers from both sides.

In close articulation with the Pak France Alumni Network(PFAN), the Embassy of France in Pakistan is developing the France Alumni Pakistan chapter. We invite all the Pakistani who studied in France to register, free of cost, on the platform to stay in touch with the community and get access to premium employment offers.

50% discount on transportation, discounts for cultural activities (cinema, museum, etc.), French healthcare system, etc. Every foreign student has the right to work while studying in France. French law authorizes foreign students to an auxiliary work of 964 hours during the year, the equivalent of 60% of the legal work year. The Temporary Resident Permit, or APS(for "Autorisation Provisoire de Séjour"), allows foreign students completing master's degree in a French higher education institution to remain in France for one year after the end of their studies to look

for a job.  
**Higher Education/Scientific Cooperation between France and Pakistan**

Campus France has been a partner of the Higher Education Commission of Pakistan for almost ten years, and has taken care of more than 700 scholars who studied at a Master and PHD level in French universities.

In addition of the funding made available by the Higher Education Commission of Pakistan, The Embassy of France in Pakistan offers fully funded and partially funded merit-based scholarships to the best Pakistani students interested by studies in France.

At the moment, around 650 Pakistani students are studying in French higher education institutions.

Franco-Pakistani Hubert Curien Partnership (PHC) Program providing opportunities to Pakistani and French researchers to associate for joint research activities. The objective of this

program is to develop new scientific and technological cooperation between French and Pakistani higher education institutions/research laboratories by supporting the mobility of researchers from both sides. In close articulation with the Pak France Alumni Network(PFAN), the Embassy of France in Pakistan is developing the France Alumni Pakistan chapter. We invite all the Pakistani who studied in France to register, free of cost, on the platform to stay in touch with the community and get access to premium employment offers.

# HITEC University Taxila

In Truth I Triumph

The establishment of HITEC University in 2007, amidst the many historical sites, modern educational and industrial facilities like UET, HIT, HMC, PMO and emerging modern colonies, is another landmark, that adds to the age old glory of the ancient city of Taxila. Chartered by the Government of the Punjab Act, the university operates as a private sector institution, offering bachelor, master and doctoral level programs in Mechanical, Electrical, Civil, Computer Engineering, Computer Science and Islamic studies. Hermed by an elegant stone wall, at the scenic foothills of Margalla, not far off to give a sense of isolation, but close to the motorway and the GT road, with gated and elaborate security system, the campus is vibrant with life and offers a sense of safety and provides a peaceful environment to students.

Faculty of Engineering and Technology comprises four departments i.e. Department of Mechanical Engineering, Department of Electrical Engineering, Department of Civil Engineering and Department of Computer Science & Engineering. The Departments of Mechanical Engineering and Electrical Engineering offer BS, MS and PhD programs in their respective areas of engineering, whereas, the Department of Computer Science & Engineering offers BS Computer Science, MS Computer Science, PhD Computer Science and BS & MS Computer Engineering programs. As per 25-Year Development Plan, new departments will also be added to the Faculty of Engineering and Technology. Faculty of Sciences comprises two departments i.e. Department of Mathematics and Department of Islamic Studies. Both departments offer BS, MS and PhD programs in their respective disciplines.

The university follows the Semester System of education and all the BS programs are duly accredited and recognized by the relevant governing bodies like the Pakistan Engineering Council (PEC) and National Computing Education Accreditation Council (NCEAC) and our programs strictly adhere to the guidelines of the Higher Education Commission of Pakistan (HEC) to impart quality education to our students. Our BS Computer Science program is accredited as the highest category 'W' by the NCEAC.

We follow Outcome Based Education (OBE) system of education and assessment in our engineering programs, under the high quality engineering education standard set by Washington Accord. This distinguished achievement has enhanced the mobility of our graduate engineers all over the world.

The classroom teaching is complemented with in-depth hands-on experimentation in spacious, well-furnished and very well-equipped laboratories. Hence, we do claim a unique position amongst other competing institutions. Each of our Electrical, Mechanical, Civil and Computer Engineering Departments houses 8 to 12 dedicated laboratories. Similarly, the laboratories in Computer Science and Engineering Departments are also equipped with state-of-the-art machines and other allied facilities. We have also focused on enhancing our research potential for postgraduate programs.

Our students undertake research projects and actively participate in various curricular, co-curricular and extra-curricular activities and competitions, organized by HITEC University and other institutions of the country and win laurels. HITEC University is very fortunate to have a complete heavy industrial setup in the form of Heavy Industries Taxila (HIT) at a close proximity. This enables our students to undertake industrial level projects, involving design, testing and analysis. Industry sponsored projects help reduce the financial burden on the students. Similarly, an adequate emphasis is laid on industrial linkage and MOUs with other institutions within Pakistan and abroad to open new vistas of learning and broaden the vision of students. Our students are very well placed and are performing their role productively inside Pakistan and abroad. The university has an exclusive Placement Office, which undertakes placement of our graduate students. Not to overlook the humanitarian aspect of welfare orientation, scholarships are also offered on need cum merit basis.

Various societies operate under the Directorate of Student Affairs to cater for the diverse interests of students, so as to let them find and utilize their latent abilities and polish them to be positive and able future citizens to contribute usefully. An equitable premium is laid upon extra and co-curricular activities to effect a wholesome and overall grooming of students. Hence, the facilities of grounds, courts, swimming pool, games and sports like cricket, football, hockey, basketball, table tennis and so on are available at the campus. The campus offers exclusive hostel facility for boys and girls, its own transport, cafeterias and IT & internet setup.

Once these success. platform in helping students return from I sincerely hope create educational their studies, equipped students make the best opportunities for them. with new skills, of this excellent Participating in events knowledge and opportunity.

## THE CITY SCHOOL : Largest Private School Network

**About US**  
The City School, established in 1978 is one of the largest private school networks in Pakistan with branches in all the major cities across the country. It currently has 166 schools in 49 cities with over 126,000 students in 458 owned and franchised schools. The City School continues its forty years legacy to expand its reach to meet the demands for quality education. The City School implements the knowledge and skills-based curriculum derived from the UK national curriculum which guides students from Nursery to Cambridge International Examinations (for the 16 and 18 year age group), qualifying them for the IGCSE, and O and A Level examinations. The City School encourages

curriculum and methodology is designed specifically to ensure a smooth transition in teaching and learning from the primary sector through the middle years and on to the final two years of the public examinations' syllabi. The use of ICTs in The City School Network are shaping the methodology of delivering online education and adding efficiency, convenience, interactivity and outreach to the array of learning programmes. The City School has taken the initiative of implementing a state-of-the-art Classroom/Learning Management System capable of providing its students with academic resources anytime, anywhere, and in any circumstances. The City School promotes and encourages

co-curricular activities in all of its campuses. Students are encouraged to learn new skills, take responsibility, practice leadership, work under a leader, organize events, conduct programmes and hands-on life experiences. **Early Years Education** Children in our Early Years Programme learn by playing and exploring, and through creative activities that develop their critical thinking abilities. The City School aims to increase and sustain the quality of Early Years opportunities so children are more able to fulfil their potential. **Our Early Years Education (EYE) is about three things:** The child and environment in which learning takes place

knowledge understanding Our carefully planned curriculum provides teachers with a framework for interacting with children, planning their lessons, and assessing and monitoring child's learning. The most significant aspect of our Early Years Education is the introduction of the following tools across all campuses nationwide: STREAM (Science, Technology, Research, Engineering, Art and Mathematics) Education Robotics E-Learning Sensory Rooms These tools help our young learners understand concepts in a much more comprehensive way through practical implementation and hands-on learning. **O/A Levels**

a wide range of subjects through Cambridge Assessment International Education (CAIE). We believe in ensuring that no child is left behind or needs extra help outside the school, through external teachers or tuitions, for this we practice the '1-1' policy, where a child will be given one-on-one attention in each classroom to keep all students at the same pace in learning. O/A Level students at The City School have the advantage because they have a wide variety of subjects offered on campuses, to fully explore and choose as per their interests. The City School alongside an expansive subject variety, promotes multiple academic and non-academic activities throughout the year that provides students a practical, deep-rooted understanding of the theoretical concepts learnt inside the-classroom which are experienced outside-the-classroom through these activities. The aim is to provide students with all experiences to be able to give them the skillset to tackle and overcome all challenges they face in the end building an all-rounded citizen. The City School offers special on-campus facilities to its O A Level students, ensuring a first class educational experience. The ICT Laboratories offer state-of-the-art hardware and software to support those studying ICT as well as those using the resources for studying. We provide all the opportunities of co-curricular activities such as debates, drama, music and sports which are supplementary to the academic curriculum taught throughout the year. Our O/A Level students are mentored by our career counsellors to help them take the right path and find the right university for their personal and professional growth. Through The City School Youth Development wing, students from all levels actively contribute back to society and work with communities

# THE PROFESSIONALS' ACADEMY OF COMMERCE

## Social Media Pakistan 03164767348

The Professionals' Academy of Commerce (PAC) is a renowned educational institution in the field of accountancy and commerce in Pakistan. PAC was established in 1987 and has branches in 4 cities across Pakistan. PAC also has a publishing house called Ishfaq Publishing Company, named after its founder Mr. Ishfaq Ahmed FCA (Late).

We, at PAC are committed to excellence. Our vision of "Excellence" goes beyond academic performance of students. We believe that the process of nation building requires individuals who are capable of independent thinking; persons who are not followers of mediocrity rather persons who are capable of leading. We, therefore, encourage students to indulge in activities and hobbies which have the potential to develop their personalities to an extent where they are distinguishable from the ordinary. Our years' of experience in this field and dedication puts us in prime position where we are able to invoke independent thinking in students all the while preparing them for external examinations.

All our campuses follow the vision of professional excellence and make an impact in the society in which they exist. Our sustained growth over a period of 33 years is a vivid exhibition of the fact that hard work, dedication and commitment, when accompanied by honesty of purpose, are bound to be rewarded.

### PAC has some unique distinctions:

> Our service orientation and especially our commitment to serve the under privileged is so strong, that our expansion out of Lahore has always been to the cities where people ordinarily do not open an accountancy institution.

> Our Peshawar, Islamabad and Rawalpindi campuses are the first of its kind.

> Our publishing house, IPC, is the largest in the country in the field of professional accountancy.

> Our faculty members have consistently produced study material which is being used by students of professional accountancy all over the country.

> Our students have consistently achieved Gold Medals, Certificates of Merit, Nation and Worldwide distinctions.

> Our students have also achieved distinctions in sporting and other co-curricular activities at University level competitions.

**We, at PAC are committed to maintaining our leadership position in professional accountancy. Indeed maintenance of such position requires devotion, commitment and hard work.**

PAC is a name which exhibits a tradition of providing quality education and it is a note to its commitment that today, in internationally renowned firms and multinationals, a large number of professionals qualified from PAC are serving at key positions. PAC is the only institution in country having a network of more than 100,000 alumni all over the world and today it is well renowned in the professional circles for imparting quality accountancy education not only in Pakistan but, through its well established online education platform, School of Distance Learning (SDL), abroad as well.

**PAC is an approved college of the following national and international bodies.**

1. The Institute of Chartered Accountants of Pakistan (ICAP), Pakistan
2. Association of Chartered Certified Accountants (ACCA), UK

## Corporate Training

PAC also has a trainings wing which imparts trainings of Audit, Accounting, Presentation skills, Information Technology, etc. to professionals in commerce and accounting industry and government officers. So far, PAC has trained more than 1,500 government officers in audit and information technology under exclusive contracts between Federal Board of Revenue (FBR) and PAC. PAC's history of professionals' excellence is checkered with number of distinction in professional examination of Chartered Accountants and Chartered Certified Accountants. So far, PAC has achieved a total number of 120 Certificates of Merit and 29 Gold Medals.

**Ishfaq Ahmed**  
Founder

Professional education, and not any ordinary qualification in general education, should be the focal point of every student. The youth of the nation should not be left idle to waste its time. They must be persuaded and motivated to pursue higher studies in the best possible way, and to achieve their qualification in the shortest possible time.

But they must remember that this life is fleeting. It is a preparatory field for the life hereafter. This fact shall enable them to strive for the success in the hereafter also. For that success they must:

**Offer their prayers regularly.**

**Be truthful and Earn Rizq-e-Hilal.**

**Nighat Ahmed**  
Chairperson

Although a clichéd saying, I feel nothing could more accurately describe the inspiring journey that The Professionals' Academy of Commerce has been on. Today, PAC has over 125,000 Alumni working across the world in well-respected financial institution, more than 150 highly competent faculty members, 5,000+ full time students studying across the purpose built campuses in Lahore, Gujranwala, Peshawar and Rawalpindi, each offering different specialists accounting courses. The history of academic achievements and medals received by PAC places it at the epitome of accounting educational institutions in Pakistan.

**Jafar Husain**  
Central Principal

We are grateful to all the people who worked hard to contribute in making of The Professionals' Academy of Commerce an institution where students can acquire the highest quality of education without going abroad. PAC's mission is to maintain a leadership position in professional education and training sector by providing services to our stakeholders with the highest standards of integrity, quality and efficiency through the generation, assimilation, and dissemination of knowledge. We would continue to strive to strengthen the environment to promote group spirit and commitment to excellence amongst our study partners and staff, thereby providing opportunity for growth of individual members.

# UNIVERSITY OF ENGINEERING AND TECHNOLOGY, LAHORE

## Institute of Business & Management

# Social Media Pakistan 03164767348

Vice Chancellor,  
Prof. Dr. Syed Mansoor Sarwar

## Join The Next Generation of Dynamic Business Leaders!

Director IB&M  
Prof. Dr. Muhammad Shoab

University of Engineering and Technology (UET), Lahore was established in 1921 and since then it has been imparting quality education & fueling the nation's intellectual machinery in technological fields. Considering the challenges of the modern age and changing trends in the industrial and

economic environments, UET has established "Institute of Business & Management" (IB&M) with a vision to breed next generation of business leaders.

IB&M stands out from contemporary institutes by focusing on research oriented education, interactive sessions with guest speakers, live case studies, industrial projects, research and personalized culture, strong industry-academia liaison, industrial visits and special attention to

enhance students' capacity to have their own start-ups. Our unique features include students' personality grooming and skill development through rich campus life; market driven courses, state-of-the-art computer labs, departmental library with book bank, video recorded lectures, intellectually stimulating environment,

seasoned & friendly faculty and courteous staff. We consider students as our real asset and take pride in taking all possible

measures to provide them educational and infrastructural facilities of the highest merit. These distinctive characteristics have resulted into an overwhelming response from the industry and academia.

IB&M is celebrating its 10th anniversary this year. In 2009 IB&M started the MBA program and within a short span of last ten years, IB&M has witnessed a record growth and is now offering BBA, BBIT, MBA (30 Credit Hours),

MBA (60 Credit Hours), Executive MBA, MS Management, MS Marketing and Ph.D. in Business Administration. Under the dynamic and visionary leadership of Vice Chancellor Prof. Dr. Syed Mansoor Sarwar and Director IB&M Prof. Dr. Muhammad Shoab, the institute has been making a record growth of catering more than 2000 students.

MBA Executive is a unique program specifically designed as 20 courses in two years as per their convenience and

for working managers and professionals, structured in a flexible manner with modular

**"Empowering Women as Business Leaders"**

approach. It helps the students continue their jobs and simultaneously taking as many

success.

Business Administration Program at the undergraduate level and graduate level are meant for young professionals, who aim to gain a world class degree in business education. IB&M provides an incomparable and transformational learning experience for eager minds. IB&M's BBA, BBIT, & MBA programs inspire students to think innovatively and deliver differently. Our unique learning model provides the most comprehensive and an effective business education experience.

At IB&M, we focus more on personality development. In this regard different societies have been created so that all the students can find a compatible area of co-curricular interest and develop therein. A healthy campus life and nurturing

give the confidence to the spirit among them.

excel in the challenges of corporate sector. IB&M is also providing a unique opportunity through its Professional Short Courses under the supervision of learned managers from the industry. PDC is a special feature through which anyone interested can get registered in professional courses without formal admission and can brush up his/her skills. The establishment of Business Incubation Centre (BIC) is another attempt to provide students a platform for launching their innovative business ideas and materializing them into reality. This gives confidence and inculcates entrepreneurial

INTERNATIONAL UNIVERSITY

## NUR INTERNATIONAL UNIVERSITY

### MESSAGE FROM CHAIRPERSON – BOARD OF GOVERNORS

Our highly qualified professional faculty is considered to be one of the greatest strengths of NIU. Mrs. Shahima Rehman, I.A. development professional under whose impassioned leadership NUR-FMS has grown to providing services in healthcare, education, economic empowerment and research. Her latest endeavor is NUR International University (NIU), which is based on the vision of providing excellence in Education. The mission of NUR International University is to provide a holistic education experience that promotes multidisciplinary studies, incorporating values and ethics and the best international academic practices. Our aim is to

promote critical thinking amongst our students to equip them to understand and face the challenges of knowledge economy. In the world today, where knowledge is the most valuable resource, a comprehensive and objective worldview is required to enable students to become leaders in the global village. NIU through NCRP will be able to generate and disseminate knowledge and provide a platform for serious thinking on policy issues and challenges. It is also a forum interlinked with other research institutes both locally and internationally. Pakistan has great potential to take its place as a leader in the comity of nations. Our greatest

wealth are the brave, resilient and brilliant young people who constitute the majority of the population. NIU has come into being to provide access and opportunity in higher education to harness this potential. InshaAllah! we look forward to welcoming our students, with the vision to partner with their parents and society at large to train individuals who will help to not only build Pakistan, but to make the world a better place as conscientious, knowledgeable and ethical leaders.

### ABOUT NUR INTERNATIONAL UNIVERSITY,

As one of the main scholastic and research establishments in Pakistan, the NIU offers an intellectually inspiring environment with humanistic customs for students and researchers to face and react to advancement challenges. With our rigorous academic programs at various levels we expect to engage our students to challenge traditional thinking in quest for inventive thoughts. Students learning at NIU will be given the chance to explore the world with a view to craft a better tomorrow. At NIU students will get an opportunity to gain conventional and current knowledge and aptitudes, which will improve their future potential. Students

will likewise be given a scope of professional services like internships, job placements and other similar services that will put them on a quick career advancement track. This will be done through small group discussions, tutorials and workshops to be conducted by exceedingly competent experts. Situated in the heart of a delightful city of Lahore in Pakistan, NIU offers a modern state of the art campus conducive for genuine learning and research. The leadership of NIU is committed to accomplish its mission, vision and values through creation, dissemination of knowledge and research which will impact policy and practice for accelerated development.

### NIU TIMELINE

- MPhil Biochemistry  
- MBA

### NIU IS WORKING UNDER THE MANAGEMENT OF NUR FOUNDATION / FATIMA MEMORIAL SYSTEM.

There are various reasons, as described under, for choosing NIU to pursue higher degrees in different professional programs offered by it.  
• A conducive learning environment that not only focuses on functional knowledge but also emphasis well rounded personality development.  
• A faculty which is competent, dedicated and committed to providing best education experience to students.  
• Our NUR student leadership program, provide students a platform to develop their leadership competencies.

• NUR Community Outreach Program provides our student an opportunity to work as interns to understand the challenges of community development and to contribute to grass-root development. Aside from what has been described above, we at NIU are cognizant of the fact that we are living in an ever changing and high-speed global environment. This fact drives us to ensure that whatever we do whether inside or outside the class is compatible with the compulsions and requirements of the knowledge economy of today.

### MESSAGE FROM CO-CHAIRMAN – NUR-FMS

An academic of national repute and member of the team which started LUMS Business School. He has held senior academic and leadership positions at LUMS. Advisor to the Punjab Govt. for the education sector, he is a specialist of HR, corporate strategy, leadership and change management. In today's knowledge economy, socio-economic development is not possible without creating a globally competitive human

resource capital. The creation of this capital requires institutions of higher learning that offer academic programs congruent with the requirements of the knowledge economy in the 21st century. NUR International University (NIU) falls into the category of higher learning institutions, which offers professional programs needed by our economy. NIU is a chartered University of the Punjab Government and is also recognized by the Higher Education Commission of Pakistan. The University is committed to offer quality education of international standards in all its programs. Our programs are led by highly

talented and qualified faculty based on curricula approved by HEC. We offer a learning environment conducive for serious professional learning embedded in experiential learning and hands on practical experience. To cultivate a sense of social responsibility we encourage our students to work with communities. This helps our students to have an appreciation of the development challenges at the grass-root level. The seeds of leadership abilities are sown in them at an early stage of our programs.

### MISSION

To prepare leaders and entrepreneurs of tomorrow through a holistic education experience encompassing the best values and practices of both eastern and western world.

### VISION

To develop leaders in different professional fields critical to the development of society by focusing on knowledge and research for improving quality of life and living standards based on equity.

### MISSION VISSIONS VALUES

#### OUR VALUES

**Excellence:**  
We aim to pursue excellence in our services, encourage innovation, creativity and strive to cultivate an environment that is conducive to achieve highest professional standards.

**Commitment:**  
We commit ourselves to support the vision of our university and pursuit of knowledge as well as to inculcate and demonstrate to

our student body the virtuous spirit of hard work and unflinching dedication in service to the society.

**Respect & Tolerance:**  
We strive to build an environment characterized by spirit of compassion, love and mutual understanding that help students from diverse backgrounds to overcome their difference and build a bond grounded in universal spirit of brotherhood.

**Responsibility & Integrity:**  
We pledge to be responsible for the consequences of our actions, constantly strive for professional development and demonstrate uncompromising academic and professional integrity.

### MESSAGE FROM VICE CHANCELLOR

Prof. Dr. Rakhshanda Rehman Prof. Dr. Rakhshanda Rehman is a Medical Educationist with a vast experience in undergraduate and postgraduate medical education. She has contributed towards medical education as Professor/Principal FJMC, Dean, Professor Emeritus, 1st Female Vice President of CPSP and Dean School of Health Sciences, Fatima Memorial System. Institutions for higher learning that offer robust academic programs and engage in research and development provide foundations of knowledge economy. NUR International University (NIU) is such a seat of higher learning. The University provides opportunities for entrepreneurship, offers an

excellent education system and a vibrant innovation landscape that includes a dynamic and highly qualified faculty. Hands on practical training, leadership guidance, social responsibility and attributes of professionalism are important components of our programs. NIU has been established by an Act of Punjab Parliament in 2015 and is recognized by Higher Education Commission of Pakistan. Previous success stories of our management are Fatima Memorial Hospital, Fatima Memorial Medical and Dental College, Saida Waheed College of Nursing and Post Graduate Institute located in the vicinity of Shadman, Lahore. We have a long history and legacy of

academic excellence and service by these institutions in the health sector, this remains our inspiration and we now endeavor to provide further excellence in the fields of Applied Sciences, Applied Psychology, Biochemistry, Biotechnology, Economics, Animal Sciences, Finance and Information Sciences from the platform of NIU. I look forward to welcome you in our programs at NUR International University.

### FACULTY OF MANAGEMENT SCIENCES

- Program being offered:
- Bachelor in Business Administration (BBA)
  - BBA with Minor in Human Resource Management
  - BBA with Minor in Marketing
  - Masters of Business Administration (MBA)

The Faculty intends to ensure highest standards of quality in its programs and establishing a stable position in comparison to its competing business schools in the local market while aligning itself with international standards of education. We are a leading seat of learning focused on developing ethical business managers who will become leaders in the era of global competitiveness and technological advancements. Our motivated team is

committed to extending frontiers of the knowledge through research and providing educational experiences of the highest caliber to advance the theory and practice of management. The Department of Business Administration, which is part of the Faculty of Management Sciences, has offered one undergraduate program with unique feature i.e. Bachelor of Business Administration.

### FACULTY OF APPLIED SCIENCES

- Programs being offered:
- Doctor of Physical Therapy (DPT)

A top college consulting firm, Highbrow is devoted to assisting high-achieving students with their admissions to the Ivy League and other top-tier universities in the United States. Our talented and experienced college counselors are consummate professionals with unrivaled credentials, making Highbrow one of the best college counseling firms in Pakistan. Highbrow provides unrivaled expertise and first-rate guidance to applicants. Beyond being one of the few admissions consultancies in Pakistan that specialize in guiding the finest applicants to the Ivies and other elite universities, we also help other bright students with admissions to the top 50 research universities and top 50 liberal arts colleges.

There are eight universities in the Ivy League: Harvard, Yale, Brown, Columbia, Cornell, Dartmouth, Princeton, and University of Pennsylvania, each with their own offerings and

application needs to be near perfect as the smallest error may mean the next candidate takes your spot. With competition among college applicants as fierce as it has ever been, some students are doing whatever they can to get a leg up no matter the cost. That's where private help comes in. A growing number of college counselors offer their expertise for a price and promise results. We give students a streamlined approach for what really matters in the application so that they can be accepted to their first-choice school. Highbrow Education Concern is a Lahore based education and career advising organization, offering students access to unequalled quality of standards and the flexibility to select educational institutions in fulfilling their academic as well as career aspirations. Backed by a strong knowledge and skill base, we link education industry through a worldwide network of education providers. From a small law associate firm, we have constructed a history of success and unprecedented growth. Our dedication and unwavering commitment made it possible to create the goodwill that we achieved. Visiting leading educational exhibitions and seminars, managing contacts and sustaining partnerships around the world enabled us to reach that apex of achievement. We provide free consultancy services for students to help them select appropriate courses offered by their desired Universities and Colleges. In doing so, we closely assess and match their previous educational experience and career aspirations to offer the best advice. We offer General English courses and IELTS preparation courses through our partner institutions. We also offer advice and representation for your Tier 4 visa applications by our professional and experienced

According to a news report printed in Nov 2017 there are "more than 5 million students studying worldwide who are classified by the United Nations as "International Students". This number is expected to rise to 8 million by 2025, according to a recent forecast by the

associate solicitors Our vision is to turn knowledge into value for the benefit of students. Our innovative spirit inspires what we do and how we do it. Constantly striving to be better lies at the heart of what makes us different. We are committed to maintaining the highest standards of integrity and professionalism in our relationship with our partner institutions and international students. We strive to know and understand the educational and financial background of students to provide them with only the highest quality advice and information in reaching their goals. We promote our business and our partner institutions in a professional and ethical manner by offering impartial and effective counselling. In doing so, we provide complete information to students enabling them to make informed judgement. This refers to any information released by us on behalf of University or Colleges e.g. facilities, entry requirements, admissions processes, course content, fees, would be transparent and accurate.

OECD. The majority of these students hail from China, India, Saudi Arabia, Pakistan and other countries in the region. Pakistan is the sixth most populous country of the world, with 64% of the total population below the age bracket of 15 to 29 years (National Human Development Report by the United Nations Development Programme (UNDP) Pakistan). Every year, more than 10,000 Pakistani students acquire study abroad visas to study in several countries worldwide. An estimated 50,000 students go to study abroad from Pakistan or go to explore such opportunities. Most of

these students travel to United Kingdom, United States, Australia, and European Countries like Germany and Sweden, besides the recent destination like Turkey, China, Malaysia, UAE and the Baltic States. According to various reports quoted by Wikipedia, there are nearly 10,000 Pakistani students studying in the United Kingdom. Between 2004 and 2008, 42,000 Pakistani students were admitted into the UK. There were nearly 11,000 Pakistani students studying in the United States during 2013-14, representing a 3.4% increase from 2012-13. In 2016, there were 19,000 Pakistani students in China, making Pakistan the fourth

largest source of international students in the country. There are some 1,000 Pakistani medical students in Cuba, while there are over 2,000 Pakistani students of medicine in the Central Asian state of Kyrgyzstan. In Australia, there were 1,626 Pakistani students as of 2005 this figure increased to 11,000 as of 2012. A report in 2012 showed that Pakistan was becoming the "top growth market" for international students choosing to study in Australia, ranking 10th. There are about 100 Pakistani students in the National University of Singapore. As of 2012, there were 80 registered Pakistani students in several Bangladeshi medical and dental colleges, studying under the SAARC quota. -S.Bano
