اینٹی نارکوٹکس فورس پاکستان

جون 2019

نشیات کی روک تھام کیلئے

پیغام
میجر جنرل محمد عارف ملک
ڈائریکٹر جنرل
اینٹی نارکوٹکس فورس پاکستان

نشیات کے خلاف جدوجہد کے لئے ایک عالمی دن مختص ہونا، اس حقیقت کا غماز ہے کہ نشیات کو عالمی سطح پر ایک اہم مسئلہ گردانا جاتا ہے۔

اس حقیقت سے کسی کو انکار نہیں کہ یہ ایک ایسا زہر ہے جو بظاہر تمام مشکلات سے چھٹکارا نظر آتا ہے، لیکن آہستہ آہستہ زندگی کی رگوں میں پھیل کر اس کا خاتمہ کر دیتا ہے۔

نشیات کا استعمال محض ایک فرد کی ہی زندگی تباہ نہیں کرتا، بلکہ اس سے جڑے لا تعداد افراد بری طرح متاثر ہوتے ہیں، ماورجیتے جس مر جاتے ہیں۔

پوری دنیا کی طرح، پاکستان میں بھی اس لعنت نے بے شمار زندگیوں کو متاثر کیا ہے۔ تاہم اینٹی نارکوٹکس فورس اس ضمن میں بھرپور طریقے سے اپنا مثبت اور متحرک کردار ادا کر رہی ہے۔

ہماری اہم کامیابیوں میں سرفہرست، پاکستان کو پوسٹ کی کاشت سے پاک ملک بنانا ہے۔ اُمید ہے آج پاکستان کا شمار ان ممالک میں شامل ہے جہاں نشیات کی خاطر خواہ روک تھام اور اس گھناؤنے دھندے میں ملوث افراد کے خلاف بھرپور کارروائی میں شاندار کامیابیاں حاصل کی گئی ہیں۔ تاہم، ہمارا یہ جہاد ابھی جاری ہے، اور اسے اپنے ایف پی جی کے ساتھ پاکستان کو اس لعنت سے پاک کرنے میں اپنی تمام تر قوتوں کو بروئے کار لاتے ہوئے کوئی کسر نہیں چھوڑے گی۔

اس کے ساتھ ساتھ ہم اپنے ان بے شمار ساتھیوں کو بھی ہمیشہ یاد رکھتے ہیں، جنہوں نے اس نیشن میں وطن عزیز کے لئے جان کی قربانی دینے سے بھی گریز نہ کیا، اور عوام الناس سے بھی اپیل کرتے ہیں کہ وہ بحیثیت ایک پاکستانی اور بحیثیت ایک انسان آگے بڑھیں اور پاکستان کو نشیات سے پاک بنانے میں ہمارا ساتھ دیں اور اپنی معاشی اور انسانی ذمہ داری نبھائیں۔

اللہ ہم سب کا حامی و ناصر ہو، آمین

Rejuvenating the Spirit of Education

SZABIST ISLAMABAD

SZABIST is home for students from different backgrounds and from cities all over Pakistan and abroad.

We provide a welcoming environment that is safe, a place where your child can form long-lasting friendships. S/he may want to get involved in some of our many societies, but there are plenty of other ways to utilize the time effectively.

Students are involved in co-curricular activities to inculcate responsibility and to enhance their experience. SZABIST organizes conferences, seminars, industrial, and events such as Sports Week, ZAB Maverick, and 3MT Competition.

SZABIST is equipped with state-of-the-art computer facilities. Moreover, the campus is equipped with WiFi providing students with unlimited access to the internet.

SZABIST Library has a huge book set and is subscribed to a number of digital online libraries, journals, and databases through which students can access an unlimited number of journals and magazines.

SZABIST, in meeting its social responsibility, provides financial assistance to the majority of its students. This enables hardworking and

bright students to acquire higher education that would otherwise be out of their reach.

Financial assistance is provided through "Program Fee Concessions" and Scholarships".

All scholarships cover full or partial tuition fee; however, in some cases, scholarships also cover books, boarding, transportation, monthly stipend, and admission fee. The two types of scholarships available are: "SZABIST-funded Scholarships" and "External Donor Agencies-funded Scholarships".

SZABIST feels proud in providing financial cover to 70% of its student body.

For SZABIST, every student matters and most of our alumni has been a source of pride for SZABIST. The SZABIST Alumni network is managed by a professional and dedicated team in the Executive Development Centre (EDC). The EDC is steadily contributing graduates geared towards becoming the corporate leaders of tomorrow.

SZABIST prepares the students for managerial careers in Social Sciences. SZABIST offers course work in many disciplines to

provide potential managers with an understanding of the complexities of the professional world in which they will operate and of the organizations of which they will become a part.

This program is designed to develop and nurture internationally sound social scientists with a broad vision to comprehend and handle contemporary political, social, and economic issues to effectively work on measuring inequalities in terms of control of world's wealth & resources by a few, to find ways to ameliorate circumstances of the underprivileged, and to empower the communities worldwide. This is a multidisciplinary program developed to fulfill the needs and interests of students who aspire to develop an insightful understanding of the society.

SZABIST has a very strong network of alumni who are actively connected. Their contribution towards the public and private sector in various industries around the globe has been remarkable. From the very beginning, SZABIST provides various platforms to encourage students to leverage the power of its Alumni Network for mentorship, funding, job placement, and outreach.

NATIONAL UNIVERSITY OF COMPUTER & EMERGING SCIENCES

Seated along the Kashmir Highway, the Islamabad Campus holds in view the capital city, with mystic thoughtfulness. A majestic banyan tree strikes the eye of the visitor before the overshadowed Campus's beauty can capture its attention. The visitor experiences an instantaneous dilemma.

The Campus spread over a 15-acre land, right in the academic hub of

the city; Islamabad Campus is steadily expanding both in terms of its area and study programs.

The highly qualified, deeply committed, and professionally inspired faculty gives to the university an academic character. The faculty not only excels in teaching abilities but also keeps itself abreast of the latest trends and developments in science and technology.

THIS CAMPUS OFFERS THE FOLLOWING DEGREES:

- BBA (Bachelor of Business Administration)
- BS (Accounting & Finance)
- BS (Computer Science)
- BS (Electrical Engineering)
- BS (Artificial Intelligence)
- BS (Data Science)
- BS (Cyber Security & Digital Forensics)
- MBA (Master of Business Administration)
- MS (Computer Science)
- MS (Data Science)
- MS (Electrical Engineering)
- MS (Management)
- MS (Networks & Security)
- MS (Software Engineering)
- PhD (Computer Science)
- PhD (Electrical Engineering)
- PhD (Management)
- PhD (Software Engineering)

FAST SCHOOL OF COMPUTING: FAST School of Computing offers a highly sought after undergraduate degree of Bachelors in Computer Science BS (CS), BS (Artificial Intelligence), BS (Data Science), BS (Cyber Security & Digital Forensics) as well as outstanding Master's programs in Computer Science MS (CS), Data Science MS (DS), Computer Networks & Security MS (CN&S), Software Engineering MS (SE), PhD (CS) & PhD (SE). NUCES Islamabad has produced 40-PhDs in the field of computer science since inception.

Accreditation: The undergraduate program of Computer Science is accredited by NCEAC (IHEC) and has been placed consistently in the highest 'W' category.

FAST SCHOOL OF MANAGEMENT: FAST School of Management is offering degree programs at undergraduate level BBA & BS (Accounting & Finance), at graduate level MBA & MS (Management Sciences) and at post graduate level PhD (Management Sciences) with highly trained faculty, custom tailored course outlines, combination of classroom lectures along with seminars and the workshops conducted by industry specialists to

prepare students for the dynamic employment market like none others.

Accreditation: FAST School of Management Islamabad accredited by the National Business Education Accreditation Council / NRFAC (Higher Education Commission of Pakistan / HEC), has been awarded the highest category among the business schools in the twin cities.

FAST SCHOOL OF ENGINEERING: FAST School of Engineering is offering: BS (Electrical Engineering), MS (Electrical Engineering) and PhD (Electrical Engineering).

Accreditation: FAST School of Engineering Islamabad is accredited by the Pakistan Engineering Council (PEC).

FACULTY: FAST has a rich research culture with academic staff providing teaching and supervision in a wide range of areas. The faculty comprises of doctoral and MS degree holders from leading foreign and national universities. The scope of research carried out

at the university spans Software Quality Testing, Software Engineering, Management Advancement Research, Image Processing, Artificial Intelligence & Machine Learning, Embedded Systems, Huawei Learning Partner, Network Security.

CLASSROOMS & LABORATORIES: State of the art, spacious and well-equipped computer and engineering labs provide hands-on learning experience to the students in their respective areas of study. Audio visually supported, well-furnished class rooms

offer a conducive learning environment to the students. SLATE learning management system (powered by Sakai) enhances learning using technologically mediated instruction.

OUTSTANDING CAMPUS LIFE: At FAST-NUCES, we strongly believe that the holistic personality development of the students is possible only if a healthy balance between curricular and extracurricular activities is maintained. Thus, extracurricular activities form an integral part of the life at FAST-NUCES. A number of events are hosted at the campus for students to showcase their talent.

NaSCon: (National Solutions Convention) is the flagship event of FAST's annual social calendar. It is a student-run mega event that has provided the best technological and industrial set of opportunities over the years. NaSCon is primarily dedicated to bringing together and combining the mental prowess of students from all over the country, and putting it to good use.

STUDENT LIFE AT THE CAMPUS: In order to contribute to the physical fitness of students and assist them in unwinding, the campus extends sports facilities in both indoor and outdoor games like cricket, football, badminton, table tennis, volleyball, futsal,

basketball and chess. Besides sports, healthy competitions in programming are also arranged and are a source of both mental stimulation as well as fun for the students.

IEEE: IEEE week is organized at Islamabad campus every year to bring together young engineers to show case their talent. It is a multi-dimensional event covering several competitions with in the fields of Engineering and IT. Seminars are also a part of big picture providing a unique platform for discerning students, to get themselves refreshed from the exhaustive academic routine. This

week targets to bridge the gap between academia and practical life by combining corporate, professionals and students on one platform. It inspires participants to work self-reliantly in order to refresh their vigilance, intellectual skills and brain-power. With the vision of "powering the innovative future".

MARKETING MAVERICKS: FAST School of Management organizes Marketing Mavericks every year, the theme of the event is

to give BBA/BS (A & F), MBA students new opportunities for today's marketing practices in Pakistan.

PLACEMENT OF GRADUATES: There are 4200 graduates of FAST-NUCES Islamabad campus, who are working in leading organizations both in Pakistan and overseas. It has always been a hallmark of FAST-NUCES Islamabad campus for better employability. Alumni from FAST are highly sought after by top of the line international and national organizations including IBM, Oracle, Microsoft, Intel, Moblink, Ufone, Telenor, PTCL, Schlumberger Huawei, ZTE, Nokia, Siemens and numerous other companies.

Students at FAST-NUCES are intended to become innovators, highly skilled engineers and managers who are ready to face multi-dimensional and complex real-life challenges. Many former students are currently pursuing higher degrees in universities like Warwick University, Kings College, Lancaster University, and University of Toronto etc. Graduates of Islamabad Campus are respected widely in the industry for their subject knowledge, dexterity and hard work.

FUTURE PROSPECTS: Alumni from NUCES are highly sought after by top of the line international and national organizations including IBM, Oracle, Microsoft, Intel, Moblink, Ufone, Telenor, PTCL, Huawei, ZTE, Nokia and Siemens. Students at FAST-NUCES become innovators, highly skilled engineers and managers who are ready to face multi-dimensional and complex real-life challenges. Many former students are currently pursuing higher degrees in universities like Warwick University, Kings College, Lancaster University, and University of Toronto etc.

SCHOLARSHIP: The University offers financial aid to students who are unable to afford the tuition fee. The students are required to register for full semester workload and maintain a CGPA of above 2.00. Merit scholarship is awarded by the university to top three position holders in each group of each examination Board.

Scholarship is also offered by the university to top three position holders in the NU admission merit list. Other external institutions (HEC, Sindh/ Punjab/ Baluchistan Government Endowment Boards, OSAF etc. offer scholarships to the students.

INDUSTRY ACADEMIA NEXUS: At FAST-NUCES, we are involved in a wide range of research partnerships with business,

industry and government, and we work to ensure that our knowledge is transferred to practical applications rapidly and effectively.

Where your future begins!

CHANCELLOR'S MESSAGE

IQRA University is one of the premier institutions of higher learning in the country. It was established in Karachi in January 1998 through a charter of the Government of Sindh vide Sindh Ordinance VI of 2000. The Islamabad Campus started its operation in 2002 and was awarded category "W" (i.e., the highest category) by the HEC. The academic programs of the university are conducted under the supervision of highly-qualified and motivated faculty. In addition, the curricula of these programs are constantly improved to meet the prevailing national and international academic standards.

Around this time of year, students are called upon to make one of the most crucial decisions of their lives - to determine their future careers. They must choose not only the most suitable discipline for themselves, but also, and very importantly, the institution of higher learning best suited to their aspirations. I invite students to consider IQRA University Islamabad Campus while making this decision. IQRA is devoted to creating an environment where students are imbued with essential skills and knowledge for a bright future ahead. Our aim is to hone them into successful and responsible citizens of society by providing them with quality education as well as the ability to keep pace with the changing times.

I wish all students a future filled with success!

Eurm Lakhani

- CIEC: Best Private Sector University in Sindh.

Bahria University
Discovering Knowledge

A Platform for Social Media Pakistan

03164767348

Here, you have an opportunity to discover, explore, ideate, create and lead the future

Vice Admiral
Muhammad Shafiq HI (M), Retired
Rector, Bahria University

Bahria University is a multidisciplinary, public research university known for its excellent standards in teaching, learning and research. Consistently ranked among the top public sector universities of Pakistan, we are widely recognized as a Pan-Pakistani University, with presence in three major metropolises of the country.

Established in the year 2000, under the patronage of Pakistan Navy, we have over the last two decades emerged as one of the fastest growing entrepreneurial university, keeping true to our motto of 'Discovering Knowledge' - a declaration of our commitment to attracting and supporting those who have the drive to shape a better world.

The Bahria University family - students, faculty and staff continue to embrace innovation to experience a wider perspective on learning, research and creativity, placing us at the forefront of discovery, learning and engagement. At Bahria University, we encourage bold thinking, curiosity and initiative, so that you can realize your greatest potential.

International Linkages

Bahria University has a dedicated International Office with aim to produce globally competent quality students. BU International Office is actively involved in tapping knowledge and research exchange opportunities for its students, staff and faculty to gain global exposure and to enhance their skill set. Reflecting its dedication for global academic excellence, BU International office has active academic partnerships with 39 international universities of various natures. Provisions including exchange programs, credit hour transfers, summer school programs, international conferences, joint research and internship opportunities are some of the prominent highlights.

Campus life

BU campus life offers a rich and vibrant experience. It is truly welcoming and focuses on personal and professional development. BU recognizes each student as a unique asset and has designed academic and non-academic activities to cater individual attributes aimed at holistic grooming of students. Intercultural diversity is encouraged and university works closely with students and departments to provide a thriving and engaging student experience that instills a sense of belonging and ensures career readiness with a blend of civic responsibility.

Campus Facilities

Bahria University is a multi-campus varsity. Its campuses are located at prime locations in metropolitan cities of Islamabad, Lahore, and Karachi. University campuses are connected via main city roads and are easily accessible via public/private transport.

The University has safe and secure modern campus buildings which offers all modern utilities for favorable learning environment.

Social Media Pakistan ایئر یونیورسٹی

03164767348

ایئر یونیورسٹی نے نہایت ہی مختصر عرصے میں بہترین تعلیمی سہولیات اور جدید سہولتوں کی بدولت

مستقبل کے زیر تعمیر کیمپسز

ایئر یونیورسٹی ہمیں تعلیمی سہولیات اور جدید سہولتوں کی بدولت اپنی معاشرتی ذمہ داریوں کو مقدم رکھتی ہے

ٹیچنگ فیکلٹی ایئر یونیورسٹی نے ملکی و غیر ملکی جامعات سے فارغ التحصیل اور اپنے شعبوں کے ماہر اساتذہ اور پروفیسرز کی خدمات حاصل کر رکھی ہیں جو شاندار روزمرہ محنت سے اس یونیورسٹی میں داخلہ لینے والے طالب علموں کو نہایت جانفشانی اور مکمل توجہ سے پڑھانے میں اور انہیں نہ صرف ایک بہترین طالب علم بلکہ معاشرے میں سود مند فرد کے طور پر کردار ادا کرنے میں مدد دیتے ہیں۔ ہمارے ٹیچنگ فیکلٹی ممبرز جدید دور کی تمام سہولتوں پر ہر وقت کام کرنے میں مصروف عمل ہیں اور طلباء کو بھی ایسے پراجیکٹس میں مصروف رکھتے ہیں تاکہ وہ وطن عزیز کے آنے والے نیکل کو روشن بنانے میں بھی پورے کردار ادا کر سکیں۔

سیورس تعلیمی سرگرمیوں کے ساتھ ساتھ ایئر یونیورسٹی طلباء کو مکمل طور پر فوٹو گرافی، ویڈیو گرافی، ایڈیٹنگ، سٹیوڈیو اور پبلک ریلیشنز کی سرگرمیوں میں حصہ لے کر اپنی صلاحیتوں کا لوہا منواتے ہیں۔ ان ڈورا اور آڈیو ڈورا کے ذریعے سٹوڈنٹس نہ صرف صنعتی سرگرمیوں میں مصروف رہتے ہیں بلکہ یونیورسٹی کی نمائندگی کرتے ہوئے بہت سے اعزازات بھی اپنے نام کرتے ہیں۔ ایئر یونیورسٹی اپنے طلباء کو محنت، جیت کی لگن اور کردار سازی کی ہمہ جہت تربیت فراہم کرنے میں کوشاں رہتی ہے۔

لائبریری طلباء کی سہولت کیلئے ایئر یونیورسٹی نے ملکی و غیر ملکی مصنفین و پبلشرز کی اتھارٹیٹیو کاپی لائبریری کا حصہ بنا رکھا ہے جہاں طلباء کسی بھی شعبہ سے متعلق کتب نہ صرف لائبریری کے پرسکون، ماحول میں پڑھ کر سکتے ہیں بلکہ ماحولی طور پر کھلے جا کر بھی استفادہ حاصل کر سکتے ہیں اس کے علاوہ ڈیجیٹل لائبریریوں سے بھی انٹرنیٹ کی مدد سے تعلیمی ضروریات کو پورا کرنے کا مکمل انتظام ایئر یونیورسٹی میں موجود ہے۔ لائبریری میں طلباء روز بروز نئے نئے جدید کتب خرید کر پڑھنے اور اپنی فیکلٹی کی سہولت موجود ہے۔

اسٹریٹجی ایئر یونیورسٹی ہر سال بین الاقوامی سطح پر کانفرنس کا انعقاد کر کے پاکستان اور دنیا بھر سے دلچسپ و موجودہ دور کی جدید سہولتوں پر مقالہ جات پیش کرنے کا موقع فراہم کرتی ہے۔ ان کانفرنسوں میں اکیڈمک، ایجوکیشنل، ایگزیکیوٹو اور دیگر کی نمائندگی ہوتی ہے۔ وہاں کی یونیورسٹیوں کے نمائندے اور پروفیسرز شرکت کرتے ہیں اور یونیورسٹی میں ذہنی طور پر طلباء کو اپنی علمی استعداد کی بنیاد پر کردار ادا کرنے سے متعلق تبادلہ عمل پان سے آشنا کرتے ہیں۔ ان کانفرنسوں میں صدر محکمہ، پاکستان ایئر فورس کے اعلیٰ افسران اور اعلیٰ ترقیاتی رہنما بھی شرکت کرتے ہیں۔ ایئر یونیورسٹی اپنی اس علمی کاوش کو آگے بڑھانے کے نصب العین پر کاربند ہے۔

سکالرشپ کم وسائل کی وجہ سے مالی مشکلات کے شکار طلباء کیلئے ایئر یونیورسٹی اپنے وسائل کو استعمال کرتے ہوئے ان تمام تعلیمی ضروریات کو پورا کرنے کا بھرپور خیال رکھتی ہے۔ ضرورت و قابلیت کی بنیاد پر طلباء کو ایئر یونیورسٹی کی فیس کی مدد میں پچاس فیصد سے لیکر سو فیصد تک مکمل اسٹیپنڈیاں دیا جاتا ہے تاکہ انہیں تعلیمی حالات کی وجہ سے طلباء کو تعلیم سے دور نہ رہیں۔ اس کے علاوہ پنجاب ایجوکیشن انڈسٹری فنڈ اور ایئر یونیورسٹی کی کمیشن کی جانب سے دی جانے والی سہولیات بھی طلباء کو ان کی ضرورت کے متناسب طریقے سے ملتی ہیں۔

فضائیہ میڈیکل کالج ایئر یونیورسٹی کی تیزی سے حاصل کردہ ترقی کی منزل میں فضائیہ میڈیکل کالج کا سال 2015ء میں قیام قابل ذکر ہے۔ یونیورسٹی کے صدر اور ممبروں کی قیادت میں کالج کے قیام کے لیے عرصہ میں ملک کے ماہر کارکنوں میں چھ ماہ کی بات چیت سے کالج کی بنیاد پختہ ہوئی اور اسے تعلیمی سہولتوں کے ساتھ ساتھ طلباء کو تعلیمی سہولتوں کی فراہمی کے لیے بہت کوشاں ہے۔ اس وقت ایئر یونیورسٹی کے چار سولہ طلباء کالج میں تعلیم حاصل کر رہے ہیں جن کو پانچ سے لے کر تین سال تک کے مشہور و معروف اساتذہ اساتذہ کی فیکلٹی کا حصہ ہیں۔ جدید ترین لیبارٹریز اور آلات سے مزین فضائیہ میڈیکل کالج آج میڈیکل تعلیم حاصل کرنے کے خواہشمند طلباء کی اولین ترجیح ہے۔ اسام آباد کے ماہر ڈاکٹروں نے اسے ایف ایچ کے پینٹ 2 کا قیام ترقی کے سلسلے کی کڑی ہے جہاں فضائیہ میڈیکل کالج کے سٹوڈنٹس اپنی تربیت ملک کے ماہر ڈاکٹروں کی زیر نگرانی حاصل کرتے ہیں۔

ایئر یونیورسٹی کے نائب چانسلر (ر) فائز امیر

ایئر یونیورسٹی ملک کی بہترین جامعات میں ایک منفرد مقام رکھتی ہے جہاں ایجوکیشن، ٹیکنالوجی، سائنس، ایئر فورس اور دیگر شعبوں میں پیکر لیا جاتا ہے۔ ذہنی ترقی پر کراہی دیا جاتا ہے۔ ایئر یونیورسٹی ہمیشہ معیاری تعلیم کے فروغ کو نظر رکھتی ہے اور ایسے اصول کی بنیاد پر ہر سال داخلہ کے لئے آنے والے پڑاویوں کو درخواست گزاروں میں سے نہایت زیادہ توجہ سے خالصتاً سہولت کی بنیاد پر ذہنی طور پر طلباء کو داخلہ دیا جاتا ہے۔

ایئر یونیورسٹی ٹیچنگ فیکلٹی، لیبارٹریز، لائبریری و دیگر تمام تعلیمی سہولیات سے مکمل طور پر آراستہ ہے۔ ہم اپنے طالب علموں کو فضائیہ و سمندری تعلیمی سرگرمیوں کے لئے یکساں مواقع مہیا کرتے ہیں۔ یہاں پر طلباء کی کردار سازی پر خصوصی توجہ دی جاتی ہے۔ ایئر یونیورسٹی مستحق و ضرورت مند طلباء کی مالی معاونت تمام ممکن حد تک کرتی ہے تاکہ ان کی مالی مشکلات تعلیم کے حصول میں رکاوٹ نہ بن سکیں۔

علاوہ ازیں ایئر یونیورسٹی اپنے طلباء کو ملکی و غیر ملکی سطح پر ہونے والی ریسرچ میں مصروف رکھتی ہے جس سے طلباء معاشرتی ترقی میں اپنا سود مند کردار ادا کر سکتے ہیں۔ ہمارا نصب العین ہے کہ ہم ملک میں معیاری تعلیمی فراہمی میں اپنا بھرپور کردار ادا کرتے رہیں گے۔

LGS International Degree Programme

UNIVERSITY OF LONDON

RECOGNISED TEACHING CENTRE

Social Media Pakistan
03164767348

Message from the Rector & Director Dr. Neelam Hussain

LGS International Degree Programme shall aspire to create an academic environment which will enable learning to better serve the world in the twenty-first century. The programme shall endeavour to create a collaborative learning experience, which is humane and fosters respect for diversity. It will thus encourage freedom of expression and a respect for human rights across the world. The educational programme at LGS International Degree Programme shall stimulate intellectual curiosity and exploration, thereby, encouraging the release of human potential, both intellectual and affective. Students shall be encouraged to be self-reliant, critical thinkers, who realise that learning is a life-long process which culminates into action, in order to benefit humanity and nurture life in all its permutations. The School shall create an awareness of environmental issues facing our planet and shall endeavour to foster co-operation between people across the globe.

Message from Prof. Dr. Muhammad Ali Vice Chancellor, Quaid e Azam University

Quaid-i-Azam University (QAU) is the premier seat of learning in Pakistan, known for its research and excellence in teaching. Consistently ranked top academic institution by Higher Education Commission (HEC) Pakistan, QAU has also secured a place among the world's best universities. Quaid-i-Azam University has highly qualified faculty that produce world-class research, published in high-quality research journals. Our students value their knowledge and ability to conduct meaningful research. At QAU we are committed to impart knowledge, skills and values of critical thinking and creativity to our students. As you join the University, you will find that the entire QAU community will help you to achieve your academic pursuits, personal growth and development goals. On behalf of the faculty and staff, I welcome you to Quaid-i-Azam University and wish you all the best in your academic endeavors.

Quaid e Azam University... A preview

Quaid-i-Azam University (once named Islamabad University) was established in July 1967 under the Act of National Assembly and started teaching and research programmes for PhD and MPhil degrees. It was, however, gradually and later decided to offer Master's, graduate, and now undergraduate programmes. The University, for its international repute, faculty and programmes attracts a large number of foreign students although it offers admission to a measured number of students from all regions of the country as it is a federal public sector university. It has been able to establish its links with some selected universities in Europe, South Asia and the United States. The international educational and research institutions including UNESCO, IRSIP, Agencia Espanole de Cooperacion International

(Spain) etc. collaborate their research activities with the Quaid-i-Azam University. Moreover, a reasonable size of the faculty members of the University have been working in the international universities like Oxford, Cambridge, Columbia, Heidelberg etc. earning applause and awards such as International Peace Award from Brussels. Currently, the Quaid-i-Azam University has four faculties and nine other teaching and research Institutes, Centre and Schools. Briefly included; Faculty of Biological Sciences, Faculty of Natural Sciences, Faculty of Social Sciences, Faculty of Medicine (affiliated), Area Study Centre for Africa, North and South America, Centre of Excellence in Gender Studies, National Institute of Pakistan Studies, National Institute of Psychology, National Institute of Historical and Cultural

Research, National Institute of Asian Civilizations, and the Computer Centre. For growing educational and technical needs of the country, the University imparts quality education and training on lower strata of life in the field of computer and runs a wide range of short term certificate and diploma courses. In all, the University's academic programmes, have an enrollment of over 5,500 students. The University also maintains a high standard in providing services. It has well equipped classrooms, state of the art labs and libraries. Other facilities like hostels for male and female students, sports and play fields, transport, mosque, bank, utility shop, post office, photocopying and thesis/paper binding, telephone, café etc. are centrally located on the Campus.

Quaid-i-Azam University
Islamabad

Preparing Leaders for Tomorrow

Quaid-i-Azam University, Islamabad is the hallmark of professional excellence on the academic landscape of Pakistan. Where the conducive learning creates an enabling environment for the knowledge-seekers, imbued with tremendous potential to fortify their future.

Institute of Space Technology

About IST

We are living in an age of research and development. We surpass our limits on a daily basis, as each new day hosts an innovation-idea that shape humanity's progress in its ever upward climb. In light of the importance of empowering academia and equipping it with the necessary tools to do its part in striving for the zenith of R&D, it was decided in 2002 that an institute would be established, its purpose being to impart specialized education in space and related science to bring our nation at par with the international community.

Institute of Space Technology has achieved an astounding success in a short span of 17 years, owing to the concerted efforts of its leadership, faculty and students to stand out in the field of engineering and to create a national center of excellence in space technology. Today, IST is proud to consider itself a leader in Space Science and Technology and is now ranked among the leading engineering universities/DAIs of Pakistan. IST has the unique honor of having all its engineering programs certified under Washington Accord. Similarly, IST is also the only university of Pakistan that has sent a satellite (ICUBE-1) to the Lower Earth Orbit (LEO) (this was done on November 21, 2013). IST is making continuous efforts to reach a level where it will be compared with international universities in terms of quality education and research.

Departments and Academics

Keeping in tandem with the modern global educational scenario, IST has striven towards academic excellence and perfection at all levels whilst ensuring that future professionals produced by the institute should be equipped with required skillset to meet the socio-economic challenges of the world. In a bid to improve quality,

competitiveness and to arouse creativity, IST has special programs to cater for the unique requirements of each course offered. As an initial step to ensure that all courses offered are in line with the market needs, the faculty constantly reviews the overall curriculum in a bid to produce engineering graduates of the highest caliber. Graduate and Undergraduate Programs offered by IST:

IST is offering Graduate and Undergraduate programs in the following disciplines:
Aerospace Engineering (PhD/ MS/ BS)
Avionics Engineering (BS)
Electrical Engineering (PhD/ MS/ BS)
Mechanical Engineering (PhD/ MS/ BS)
Materials Science Engineering (PhD/ MS/ BS)
Space Science (BS)
Mathematics (PhD/ MS/ BS)
Astronomy and Astrophysics (PhD/ MS)
Remote Sensing and Geo-Information Science (MS)
Global Navigation Satellite Systems (MS) Sponsorships / Scholarships at IST:

IST is dedicated towards ensuring that financial issues do not become a barrier between deserving students and quality education, as such it offers many scholarships which include sponsorships specially catered for on a needs basis this is in addition to those arranged in collaboration with leading R&D organizations merit scholarships.

Job Placements

Employment opportunities in the aforementioned areas are very diverse in nature due to their multidisciplinary outlook and contribute to all socioeconomic activities of the country. Apart from being involved in the leading R&D institutes of the nation, our graduates are also serving nationally in PTA, CAA, Aviation industry, WAPDA, IWASRI, EPA, OGDCL, Geological Survey of Pakistan, Urban Unit, PCRWR, Pakistan Meteorological Department, Broadcasting Centers, Mobile Communication Companies, Agriculture/Food Sector, national and international airlines. In addition to this, they are also involved in the aviation industry at some of the leading organizations both local and abroad such as Airbus, Emirates, Air Blue, Shaheen moreover some have attained a pinnacle through their involvement with various European Space Agencies to be a fertile breeding ground for the engineers and scientists of tomorrow.

HITEC University Taxila

In Truth I Triumph

The establishment of HITEC University in 2007, amidst the many historical sites, modern educational and industrial facilities like UET, HIT, HMC, PMO and emerging modern colonies, is another landmark, that adds to the age old glory of the ancient city of Taxila. Chartered by the Government of the Punjab Act, the university operates as a private sector institution, offering bachelor, master and doctoral level programs in Mechanical, Electrical, Civil, Computer Engineering, Computer Science and Islamic studies. Hemmed by an elegant stone wall, at the scenic foothills of Margalla, not far off to give a sense of isolation, but close to the motorway and the GT road, with gated and elaborate security system, the campus is vibrant with life and offers a sense of safety and provides a peaceful environment to students.

Faculty of Engineering and Technology comprises four departments i.e. Department of Mechanical Engineering, Department of Electrical Engineering, Department of Civil Engineering and Department of Computer Science & Engineering. The Departments of Mechanical Engineering and Electrical Engineering offer BS, MS and PhD programs in their respective areas of engineering, whereas, the Department of Computer Science & Engineering offers BS Computer Science, MS Computer Science, PhD Computer Science and BS & MS Computer Engineering programs. As per 25-Year Development Plan, new departments will also be added to the Faculty of Engineering and Technology. Faculty of Sciences comprises two departments i.e. Department of Mathematics and Department of Islamic Studies. Both departments offer BS, MS and PhD programs in their respective disciplines.

The university follows the Semester System of education and all the BS programs are duly accredited and recognized by the relevant governing bodies like the Pakistan Engineering Council (PEC) and National Computing Education Accreditation Council (NCEAC) and our programs strictly adhere to the guidelines of the Higher Education Commission of Pakistan (HEC) to impart quality education to our students. Our BS Computer Science program is accredited as the highest category 'W' by the NCEAC.

We follow Outcome Based Education (OBE) system of education and assessment in our engineering programs, under the high quality engineering education standard set by Washington Accord. This distinguished achievement has enhanced the mobility of our graduate engineers all over the world.

The classroom teaching is complemented with In-depth hands-on experimentation in spacious, well-furnished and very well-equipped laboratories. Hence, we do claim a unique position amongst other competing institutions. Each of our Electrical, Mechanical, Civil and Computer Engineering Departments houses 8 to 12 dedicated laboratories. Similarly, the laboratories in Computer Science and Engineering Departments are also equipped with state-of-the-art machines and other allied facilities. We have also focused on enhancing our research potential for postgraduate programs.

Our students undertake research projects and actively participate in various curricular, co-curricular and extra-curricular activities and competitions, organized by HITEC University and other institutions of the country and win laurels. HITEC University is very fortunate to have a complete heavy industrial setup in the form of Heavy Industries Taxila (HIT) at a close proximity. This enables our students to undertake industrial level projects, involving design, testing and analysis. Industry sponsored projects help reduce the financial burden on the students. Similarly, an adequate emphasis is laid on industrial linkage and MOUs with other institutions within Pakistan and abroad to open new vistas of learning and broaden the vision of students. Our students are very well placed and are performing their role productively inside Pakistan and abroad. The university has an exclusive Placement Office, which undertakes placement of our graduate students. Not to overlook the humanitarian aspect of welfare orientation, scholarships are also offered on need cum merit basis.

Various societies operate under the Directorate of Student Affairs to cater for the diverse interests of students, so as to let them find and utilize their latent abilities and polish them to be positive and able future citizens to contribute usefully. An equitable premium is laid upon extra and co-curricular activities to effect a wholesome and overall grooming of students. Hence, the facilities of grounds, courts, swimming pool, games and sports like cricket, football, hockey, basketball, table tennis and so on are available at the campus. The campus offers exclusive hostel facility for boys and girls, its own transport, cafeteria and IT & internet setup.

HITEC UNIVERSITY TAXILA

Admissions Fall - 2019

OUR HALLMARKS

- Engineering Programs are accredited by PEC under Outcome Based Education (OBE) System, only a few Pakistani universities have this unique honour.
- Our Engineering Degrees are acceptable worldwide under "Washington Accord" including UK, USA, Japan, Canada, Australia and New Zealand.
- Computer Science Program is accredited by NCEAC and ranked "W" - the highest category.

FINANCIAL ASSISTANCE & SCHOLARSHIPS

- 100% tuition fee waiver for completion of 4 years degree program to top 25 Board Position Holders (Limited Seats available)
- 50% tuition fee waiver to the top 50 position holders in the Admission Merit List of the University (First Semester Only)
- Liberal Financial Assistance to needy and excellent students

BS IR 2 Years Bridge Program

BSCS 2 YEARS BRIDGE PROGRAM

A GATEWAY TO knowledge and learning

Situated in the heart of Pakistan's Capital, Islamabad, The Muslim Youth University (MYU) is a federally chartered; HEC and PEC recognized University. The MYU offers a wide range of specialization within Social and Natural

Science programs
The four core Schools of the MYU are;

- International Relations
- Computer Science
- Electrical Engineering
- Civil Engineering

CHAIRMAN OF TRUST

I as chairman of the board of trustees welcome and encourage students to make Muslim Youth University (MYU) their choice of learning as we 'THE MY Trust' as the primary governing body are dedicated to providing education and educational efforts country wide. The Trust aims to play an integral role in achieving these goals by providing oversight and input regarding the University's large scale programmatic goals and by advocating for the University locally, nationally, and internationally. The Trust has been created to establish and maintain educational institutions at all levels related to Technology, Science, Commerce, Humanities and Medicine etc. Also, its objective is to publish and promote positive, reformative and productive literature for the benefit of the general public which could involve launch-ing country-wise educational campaigns. Let me assure you that the 'Trustees' are committed to meet and make policy decisions in areas including academic affairs, advancement, budget and finance, and campus life for meeting all educational aspirations of the university.

Sheikh Muhammad Akram

PATRON

The education sector is undergoing a massive change, evolving from government-funded institutions into private 'know-how hubs, often dubbed third generation universities, or 3Gus — a coalition of various academic departments and intelligentsia. This change can be explored by tracing the historic development of universities over the centuries. The new role of universities is that of bakeries of science or technology-based commercial activities and by taking an active part in the exploitation of the knowledge they create and impart. I am confident that MY University will attract students with career and employability plans, and the skills gained will open doors for a range of career opportunities for them. I am a product of the old school that produced a high percentage of well-educated students. I have seen many stories of hard work and success come out of amazing educational institutions. I am sure MY University will be joining their ranks in future. Answer the call of your heart; surely MY University will inspire you to bring the best within you

Dr. Samar Mubarakmand

CHANCELLOR

Man, the molecule of society, is the subject of Social Sciences says Henry Charles Carey. In recent years science, technology, engineering, IT and Maths have received maximum investment and support from government, universities, educational institutions, etc. While these subjects are no doubt important, the significance and usefulness of social sciences at the same time cannot also be ignored. At Muslim Youth University we have established Social Sciences Department that reflect the breadth and complexity of the social, political, national and international problems peculiar to 21st century. Embedded in the beautiful capital city of Pakistan, MY University offers courses in International Relations as well as Peace and Conflict Studies which not only introduce the basic concepts, theories and methods that are central to each field of study but also equip the students with critical thinking & analytical skills for career advancement for further study. This is in addition to the Science, Engineering, IT and Engineering subjects which have full-fledged Departments with most modern Labs and a highly qualified faculty and staff and other allied facilities.

Muhammad Saeed Mehdi

VICE CHANCELLOR

Muslim Youth University is a young institution but has dynamic faculty striving to bring Muslim Youth University at par with international standards in small span of time, Insha'Allah. University is currently housed in commercial area of G-10/4 and will be shifting to its purpose built campus near Islamabad Highway shortly. Muslim Youth University currently has four programs in engineering, Computer Science and International Relations, and soon it will be expanding to enter into more areas of liberal arts, social sciences, engineering, health sciences, and other professional disciplines. Muslim Youth University will be a residential campus with students from all areas of Pakistan and abroad. The camps will be state-of-the-art academic and recreational facility. The world is changing, technology is taking over. The job market is also changing. Gone are the days when you have to wait in line to book a long distance call. Sooner technology will change the way we travel, drive cars, use medical facilities, get education etc. It is not a mystery that Information Technology and robotics are talking over many of the functions man used to perform. What will our graduates are going to face tomorrow, day after tomorrow and after that.

Dr. Syed Tahir Hijazi

DEAN FACULTY OF ENG.

Welcome to Faculty of Engineering at the Muslim-Youth (MY) University. Our determination is to provide you with an excellent atmosphere to follow your studies with the blend of programs of engineering, computer and social sciences. Several other programs in the variety of disciplines with addition

Prof. Dr. Hashim Nisar Hashmi

to market oriented postgraduate programs, will be launched at the Main Campus having state of art laboratories and all other modern facilities. The secret to success of MY University lies with the ambitions of our students, the efforts of our hard working faculty and the steadfast cooperation, support and guidance of MYU management. These factors make us self-assured and resourceful to move ahead on the path leading to excellence. MYU is honored to have a team of highly competent faculty members who are graduated from universities renowned for high standing. Apart from academics and research

work, faculty and students of MYU enthusiastically participate and play an active role towards co-curricular and extra-curricular activities. There are numbers of accomplishments on the part of MYU faculty and students. MY University has also adopted and implemented, Outcome Based Education (OBE) and Assessment system as per Manual of Accreditation (2014) of Pakistan Engineering Council (PEC). The campus environment is well disciplined and all activities are as per schedule. Anyone considering to join MY University as a student or faculty member is welcomed.

STUDY IN THE USA

WHY STUDY IN THE UNITED STATES?

ACADEMIC EXCELLENCE

Enter one of the world's best university systems, with global recognition for its excellence in virtually all fields. At the undergraduate level, outstanding programs exist in traditional disciplines and professional fields. At the graduate level, you will have the opportunity to work directly with some of the finest minds in the world.

VARIETY OF EDUCATIONAL OPPORTUNITIES

There is something for everyone in the U.S. higher education system, whether you are looking for a theory-based course, a hands-on, practical program, or something in between. You will also have various fields to choose from, including arts and the humanities and the STEM fields (science, technology, engineering and mathematics). No matter how unusual or specific your desired field of study, you will find several options in the United States!

OPPORTUNITIES FOR RESEARCH, TEACHING AND TRAINING

As a graduate student, opportunities to teach and conduct research can not only help finance your studies, but also add practical value to your education through insights not available from study alone. International students, with their wealth of new skills and ideas, are highly valued researchers and teachers for U.S. universities.

CAMPUS LIFE

The quintessential U.S. college experience is about more than the time you spend in a classroom – it is also about taking advantage of a wide range of social, cultural and sporting activities, and building lifelong cross-cultural friendships while developing teamwork and leadership skills. Your time in the United States will be enhanced by experiences that develop self-confidence, independence and cross-cultural skills. Most campuses have an International Student Office, but you can also build your own network of friends, professors, and advisers who can offer support and encouragement when you need it.

DIVERSITY ON CAMPUS

Diversity enriches the educational experience by challenging stereotypes and preconceptions and encouraging critical thinking and cross-cultural communication. U.S. universities are renowned for the diversity of their campuses and are always on the lookout for good students from Pakistan.

AM I READY? (CHECKLIST)

There are 5 Steps to U.S. Study. Cut out this checklist and keep it in a handy spot in order to stay on track with your college applications!

- 1. Research your options**
 - Define your academic goals
 - Compile lists of safety, match and dream schools
 - Register on USEFP website for FREE EducationUSA advising www.usefpakistan.org/advising/register
 - Attend an EducationUSA open house for general guidance
- 2. Finance your studies**
 - Develop a budget
 - Research and apply for scholarships and financial aid
 - Graduate students: consider applying for the Fulbright Student Program www.usefpakistan.org/Fulbright
- 3. Complete your application**
 - Study and register for any required tests (TOEFL, SAT, GRE)
 - Bonus: attend free TOEFL/SAT/GRE workshops at USEFP
 - Undergraduate: write personal essay, supplemental essays
 - Graduate: write statement of purpose
 - Bonus: attend Statement of Purpose Workshop at USEFP
- 4. Apply for your student visa**
 - Submit deposit and financial documentation to university
 - After receiving I-20, apply for a visa
 - Bonus: attend free Visa Seminar at USEFP
 - Attend visa interview
- 5. Prepare for your departure**
 - Buy your ticket
 - Register for USEFP Pre-Departure Orientation
 - Get settled in on your campus and your new community!

ATTEND THE LARGEST U.S. COLLEGE FAIR IN PAKISTAN!

The South Asia Tour for U.S. college representatives is a biannual event hosted by EducationUSA dedicated to helping students discover the educational opportunities available in the United States. These free events offer a valuable opportunity for students to get face time with college representatives.

Stay tuned for the Fall 2019 U.S. College Fair – for details, visit www.usefpakistan.org/uscollegefair

A representative from Kent State University chats with prospective undergraduate students

The Superior College Lahore

Chartered by the Govt. of Punjab as Degree Awarding Institute vide "The Superior College Lahore" Act XVI-2004

The **DREAMER**
who creates
SUPERHEROES

Ph.D Human Resource Management (UK)
A Serial Entrepreneur
Expert & Strategist of Emotional
Intelligence

He knows how to turn Human Resource into Human Capital

Glancing through the Academic possibilities in Pakistan, I believe Educational Excellence is the best strategy to strengthen our national identity. 21st century revolves around innovating uniqueness, and Superior is creating hope by encouraging new ideas to bring smiles through facilitation. Focusing on IQ and EQ gives a chance to explore logics and discover yourself from within. We empower our students to work hard, be optimistic and live life to the maximum. We have a congenial environment to make them learn the subtle art of decision making, opportunity seeking and become job creators instead of job seekers. Our entrepreneurial ecosystem encourages and trains them to create their own destiny. I love to create real Superheroes. My team Superior is full of such amazing people who have always been doing the impossible. I invite you to the most memorable educational experience of your life empowered with attributes of optimism, risk taking, decision making & living for others attitude. We will transform your life and give you a chance to become a Superhero who is a catalyst of change. Join the family and let's work for a Superior Pakistan.

Prof. Dr. Chaudhry Abdul Rehman
Chairman
The Superior Group

The Superior Leadership

Superior leadership is marked with an unmatched excellence & hands on practice in the fields of emotional intelligence and entrepreneurship development. The Chairman Superior Group, Prof. Dr. Ch. Abdul Rehman is a Ph.D in HR from UK and Rector Superior University Dr. Sumaira Rehman is a Champion of Entrepreneurship with her Ph.D in Entrepreneurship from UK. The Chairman himself is a serial entrepreneur with remarkable entrepreneurial successes based on his vision, risk taking & leadership qualities. His entrepreneurial brilliance is evident from Pakistan's fastest growing educational institute, The Superior Group, Nai Baat Media Network, countrywide Neo News Network and numerous more ventures. This ideally qualified leading duo is our unique and most valued strength in the education sector of Pakistan. Under this leadership, we believe to produce real Superheroes who will contribute for humanity and live a successful life.

Entrepreneurial Ecosystem

Chaudhry Muhammad Akram Center for Entrepreneurship Development (CMACED) aims to make an entrepreneurial university with its Entrepreneurial

Ecosystem. We are developing job creators instead of job seekers who will lead to an economically Superior Pakistan. We aim to prepare emotionally intelligent graduates who serve humanity like superheroes and live a meaningful and rewarding life. Our University wide Entrepreneurial Revolution Program has sprouted 526 new ideas through our Entrepreneurial Teaching & Training Program, Social Entrepreneurship Program, Research Culture and Entrepreneurial Expos. Our Incubator INNOVATION DISTRICT 92 & Accelerator SCALE UP PK are providing further facilities to mature these ideas into viable running businesses under guidance of entrepreneurship development gurus of Pakistan.

Plan IQ & EQ

IQ is the ability to learn, understand, and apply information & skills in a meaningful way.

EQ can be defined as your potential to recognize and manage emotions personally and interpersonally.

Split Degree Program

Superior has a keen interest in exploring new horizons by joining hands with top universities around the globe and proudly offers Split Degree Programs at undergraduate, post graduate and PhD levels with an intention to give our students access to the international arena. More than 500 students have become a part of split degree program and are spreading the Superior vision across the globe with pride.

We welcome the world Our Continental Connections Make us SUPERIOR!

The internationally renowned, dynamic teachers and professors have joined us. With this influx of foreign faculty and students, we have cultural diversification, subject innovations, industrial emancipation and new ways of sharing, caring & transformation. Superior has also secured partnerships with 148 reputable international universities in 15 countries across the globe. Our goal of internationalization has brought Erasmus+ scholarships and Mevlana Exchange Program for our students. At Superior, we help you explore unlimited horizons of your choice by training you to grab educational & career opportunities abroad.

Promoting Research Culture in Pakistan

Superior has a vision to promote research culture in Pakistan. Our distinguished initiatives of introducing MPhil/PhD programs, organizing international conferences, trainings and symposiums produce intellectually and emotionally sound scholars. We are proud at creating new knowledge through research and spreading Pakistan's positive image to the world.

Why Superior?

KIPS | ENTRY TESTS PREPARATION

جیت ہے پہچان

LEAD WITH THE LEADER

Pakistan's No. 1 Entry Tests Preparation Network

WHY JOIN KIPS?

KIPS is the hallmark for all kinds of Entry & Aptitude Tests Preparation, across Pakistan. Achieving top positions and excellent results every year in entrance exams for Medical, Engineering & other Professional Universities has earned the name of trust & excellence for KIPS. We evaluate our students through original test pattern, provide them ample practice and prepare them holistically to perform at their best in all kinds of Entry & Aptitude Tests.

A Glimpse of Our Features:

- 26 years of academic excellence & experience
- The largest entry tests preparatory network of Pakistan
- Highly experienced entry tests specialist teachers from Lahore
- Support teaching facility available for individual assistance
- Result-oriented & position winning teaching methodology
- Exclusive and Composite preparatory sessions to cater maximum career options in medical, engineering, IT, commerce, business, finance e.g. FUNG, LMDCAT with FCNA, ETEA/KMU Plus (With FCNA), LMDCAT/SET Plus (with FCNA).

- FUNG Plus, FUNGETEA Plus, MFUNG Plus etc.
- Upto 100% Merit-based scholarships for F.Sc high achievers
- Longer MDCAT & ECAT sessions available for preparation till entry test
- Evaluation, practice & preparation through original MCQs of past papers
- KIPS exclusive preparatory material, KIPS Entry Tests Preparation & Practice Books for efficient preparation
- Target-oriented lectures, tests & discussions as per latest syllabus & paper pattern.
- Assistance in registration & application process for renowned universities
- Student Care & Counseling Department (SCCD)
- Practice of Test attempt on actual answer sheet pattern (Bubble Sheet)
- Special fee waiver for KIPS IANS
- Centrally Administered & Highly Disciplined Environment
- Centrally administered quality assurance
- Transport & Hostel Facilities

80,000+ MCQs Bank:

- On Campus Practice MCQs (KIPS Entry Test Series + Class Tests) for Single Sessions: 20,000+ MCQs
- On Campus Practice MCQs (KIPS Entry Test Series + Class Tests) for Combined Sessions: 30,000+ MCQs
- Online Question Bank to Every Student through LMS: 50,000+ MCQs

Exclusively for Punjab, KP & AJK

OFFERED SESSIONS 2019

Pre-Medical Students

MDCAT Plus

- Exclusive Preparatory Session for MDCAT (Medical & Dental Colleges Admission Test)
- MDCAT is the central provincial test for all Medical & Dental Colleges & Universities across Punjab
- 65 Days Duration (Approximately)
- Long MDCAT + Up till Test Date (More than 3 Months Duration)
- LMDCAT Plus (With FCNA)
- Long MDCAT with FCNA (F-FMDC, C-CMB, H-HEMS, A-AMC)
- Preparatory Session for MDCAT, FMDC, CMB, NIMS & AMC
- Up till Test Date

AKU Plus

- Preparatory Session for AKU + Up till AKU Test Dates

NUMS Plus

- Exclusive Preparatory Session for NUMS Entrance Test
- 65 Days Duration (Approximately)

ETEAKMU Plus

- Exclusive Preparatory Session for ETEA (Educational Testing & Evaluation Agency) / KMU (Khyber Medical University) 2 Months Duration

ETEAKMU Plus (with FCNA)

- Preparatory Session for ETEA/KMU/FMDC, CMB, NIMS and AMC
- Up till ETEA/NUMS Test Dates (More than 3 Months Duration)

MDCAT/SET Plus

- SET (State Entry Test)
- Exclusive Preparatory Session for MDCAT & SET
- MDCAT is the central provincial test for all Medical & Dental Colleges & Universities across Punjab
- SET is central test for AJK - 65 Days Duration (Approximately)

LMDCAT/SET Plus (With FCNA)

- Long MDCAT / SET (with FCNA)
- Preparatory Session for MDCAT, SET & NIMS
- Almost 3-31/2 Months Duration

Pre-Engineering, ICS, G.Science & Others Students

ECAT Plus

- Engineering Colleges Admission Test
- Exclusive Preparatory Session for UET & Other Public Sector Engineering Universities across Punjab - Up till Test Date

MUST Plus

- Exclusive Preparatory Session for MUST (National University of Science & Technology) Entrance Test - Up till NET-IT Test Date

FUNG Plus

- Exclusive Preparatory Session for almost all major engineering universities for Engineering, Computer Sciences & Business Programs
- Entrance Test of FAST, UET, MUST, GRI, PEAS, IST, COMSATS & Multiple others.
- Up till Test Date

ETE Plus

- Exclusive Preparatory Session for ETEA (Educational Testing & Evaluation Agency)
- 2 Month Duration (Approximately)

FUNGETEA Plus

- Preparatory Session for almost all major engineering universities for Engineering, Computer Sciences & Business Programs
- Entrance Test of FAST, UET, MUST, GRI, PEAS, IST, COMSATS & Multiple others.
- Up till Test Date

THE UNIVERSITY OF LAHORE

INTRODUCTION

The University of Lahore was founded in 1999, by Mr. M.A Raouf, under the auspices of the Ibadat Educational Trust, and was granted degree awarding status in 2002. It has created a name for itself in the field of higher education and is regarded as one of the premier private sector Universities of Pakistan with diverse disciplines ranging from Medicine and Engineering to the Arts and Social Sciences.

We welcome to the students of this prestigious and renowned University, namely "The University of Lahore" (UOL) that presently is the largest private sector University in Pakistan. The University of Lahore was established as a nascent institution in the Year 1999. Our vision was to develop a world class prestigious educational institution having state-of-the-art facilities/infrastructure and capable of offering innovative and quality education in a conducive and highly developed learning environment.

The University was granted a 'Degree Awarding Institution (DAI)' status by the Government of Punjab in 2002 through a Charter through as "The University of Lahore, Ordinance 1962" and also obtained recognition by Higher Education Commission (HEC) that placed us in the highest "W-4" category. The University is ranked amongst the top 301-350 universities of the world by "Times Higher Education Emerging Economics University Ranking 2019. All this was achieved through the dedicated efforts of our sponsoring Trust, namely the 'Ibadat Educational Trust (IET)', the Board of Governors, Teaching Faculty and the management of the University. It is pertinent to mention that the regulatory bodies of the Government of Pakistan that includes Higher Education Commission of Pakistan, Pakistan Medical and Dental Council (PMDC), Pakistan Engineering Council (PEC), Pakistan Nursing Council, Pakistan Bar Council, Pharmacy Council of Pakistan etc. have accredited our professional Programs. The University fully follows their guidelines in the best interest of the institution and the students.

We firmly believe that the role of a dynamic University in the 21st Century in Pakistan must cater to the phenomenal changes unleashed by the rapid advancement in science and technology for the economic development of the country, as well as to meet the challenges posed by globalization. We are already visualizing the future of higher education in the next millennium and making concerted efforts for this purpose. We are confident that our University will achieve its prime objectives through its professional competence, commitment and dedication of the management and untiring efforts of our highly qualified teaching faculty.

The University of Lahore is the largest private sector university in Pakistan with

more than 40,000 students and 7 campuses. With strong emphasis on balanced progress and focus on human capital, the University has grown to 11 faculties and 40 departments. The University of Lahore is playing a significant role in the lives of thousands of our young students and graduates in various disciplines that include Medicine, Dentistry, Engineering, Allied Health Sciences, Molecular Biology, Biotechnology, Biochemistry, Environmental Sciences, Business Studies, Information Technology, Computer Science, Art and Social Sciences. We are glad that researchers and scholars of the University of Lahore are working as a team and fully contributing towards developing a positive manpower for the benefit of our civil society. All this has been possible due to the dedication, zeal and hard work of our dedicated team at UOL.

The University is proud to have over 15 nationalities currently studying in different departments. They include students from Palestine, Sudan, Yemen, Turkey, Syria, Somalia, Afghanistan, Nepal, Oman, Kingdom of Saudi Arabia, South Korea, Jordan, UAE, India, Uganda amongst others. The University of Lahore has a dedicated International Students Cell which manages the applications for study vacancies of the International students, processes their admission, HEC NDC, Visa processing as well as settling the international students into the cultural diversity of the University of Lahore. The University of Lahore believes in organizing healthy cultural activities for local as well as International Students.

Strong linkages with the industry are of paramount importance for any higher education institution and The University of Lahore enjoys excellent links with international universities such as Cambridge University, UK, Xian Jitang University China and Yeditepe University in Turkey. We also have a range of knowledge sharing and human resource development programs with major multinationals of Pakistan. Students at the University can expect excellent internship and skill development programs during the course of their education and the students are able to take full advantage of job placement, support services and further career counseling. The University of Lahore has also invested in a number of Technology park projects such as Media Technology Park: The Creative Village – a premier facility for professional media content, An Agri Technology Park and a Bio Technology park which will

definitely support the growth and progressive development of our students and the country's economy as a whole.

The University of Lahore also plays strong emphasis on research as evident by the research grants available to various departments within the University and its investments into dedicated research projects and facilities such as CRIMM (Center for Research in Molecular Medicine) specializing in Cancer research. It continues to be at the forefront of research and continually strives to produce excellent graduates in areas of Sciences, Arts, Engineering, Health Sciences, Language and Literature, Information Technology and through its Business School (Lahore Business School).

The University emphasizes healthy sports and co-curricular activities. With a vibrant culture of student societies and participation through debates and dramatics, the University fosters the growth of leadership and social skills. The students are also imbued with a sense of community service through the University's extensive disaster relief program: UOL Relief, where students voluntarily participate in providing aid and facilitation to disaster affected areas of Pakistan.

The University boasts of excellent IT facilities with dedicated PC and Mac labs on premises. 72 Mbps internet is available to students in labs as well as the new wireless service on the Defence Road Campus. SAP-ERP (Enterprise Resource Planning) at UOL is a business process management that allows the organization to use an integrated system to manage the business and automate many back-office functions related to technology student services and Applications of human resources.

The University has more than 1500 study bedrooms for girls in 3 residencies on campus, and a robust transport facility for students within Lahore.

We welcome knowledge seekers and professionals to experience the enjoyable and congenial environment at our University. We are sure that you will find our programs valuable in achieving your personal goals and academic pursuits. We pray to Allah Almighty to grant you good health, prosperity and resounding success in your endeavors. It is my heart desire that you have a very fulfilling and rewarding stay at the University.

CHARTERED ACCOUNTANCY

A standard that the world follows

WHAT IS CHARTERED ACCOUNTANCY?

Chartered Accountancy is a rewarding career and there are excellent prospects for employment in audit firms as well as in local companies, multi-nationals, and local and foreign banks. To become a Chartered Accountant you need to be motivated, possess analytical skills, numerical ability, a keen sense of what is going on in the world of business and finance, and personal qualities such as reliability and discretion. You will be required to study accounting, auditing, finance, taxation, management, business and information systems.

WHAT IS THE INSTITUTE OF CHARTERED ACCOUNTANTS OF PAKISTAN?

The Institute of Chartered Accountants of Pakistan (ICAP) established under The Chartered Accountants Ordinance, 1961 is a self-regulatory body of professional accountants in Pakistan. It represents accountants employed in public practice, business and industry, and the public and private sectors. ICAP professionals are spread across the globe and are in high demand due to their professional competence, integrity and drive for professional excellence. With an 8000+ member network ICAP is a premier Accountancy body and a symbol of prestige.

WHAT IS CA PAKISTAN QUALIFICATION?

The globally recognized qualification by the Institute of Chartered Accountants of Pakistan gives students a thorough understanding on key subjects relating to both accounts and non-accounting fields.

The intensive training of 3.5 years would result in you becoming a world class professional. Currently our Chartered Accountants are working in top positions in leading organizations of Pakistan and all over the world.

WHAT SCHOLARSHIPS ARE AVAILABLE?

For all interested students, there are two types of scholarships available.

Edhi CA Pakistan Talent Scholarship

The Institute of Chartered Accountants of Pakistan (ICAP) launched Edhi CA Talent program in 2013 with the objective of preparing top talented youth for Chartered Accountancy. A good number of students have been given scholarships by ICAP under the umbrella of Edhi CA Talent program till now. All the recipients of this scholarship are among top 20 position holders of their respective intermediate boards.

Eligibility Criteria:

The applicant must be among the top 20 students in the merit list of HSC/ F.SC/ I.Com/ FA/ ICA of respective intermediate boards. Talented students of Sindh, Punjab, Baluchistan, Khyber Pakhtunkhwa, FATA, Gilgit Baltistan and Azad Kashmir.

Program Highlights

Subject to continuous performance, following financial support will be given to the selected student:
No registration Fee
No examination Fees
No Tuition Fees
Monthly Stipend
Boarding & Lodging Expenses (Conditions Apply)

Endowment Fund

The Institute has established the Students' Endowment Fund in 2008 to support bright and financially deserving students who want to pursue Chartered Accountancy education. Applications are invited from deserving students through their RAETs, who must fulfill the following criteria:

- AFC Level
Minimum 80% in HSSC or equivalent qualification
Minimum 65% marks in graduation/ post graduation; or
Minimum 2 Bs in A-Levels
- CAF Level
For 1st Attempt at CAF level, AFC should be passed in first attempt
After the 1st Attempt at CAF level, all subjects to be passed in first attempt or overall a maximum of one failure in CAF level shall be acceptable.

PROFESSIONAL AFFILIATE SCHEME

ICAP Launched a mid-tier qualification, termed the "Professional Accounting Affiliate" to recognize the efforts of those students who have completed the required practical training and passed a significant part of advanced stage of CA qualification by awarding them the 'Professional Accounting Affiliate' status. Such advanced stage students are well recognized for their competence locally and internationally, owing to Institute's high quality education and examination system and rigorous of its training regime.

The holder of this certification is an officially recognized part of the Institute's professional family and would be entitled to use the designation of 'Professional Accounting Affiliate' or 'Affiliate'.

BASIC ELIGIBILITY CRITERIA:

If you have completed the practical training under the bye-laws and passed either of the following sets of papers you will be eligible for certification as 'Professional Accounting Affiliate':

- Papers of Modules E and F by before August 1, 2016:
- (i) Advanced Accounting and Financial Reporting; and
 - (ii) Any two papers of Modules E and F.
OR equivalent examinations
- Papers of Certified Finance and Accounting Professional examinations effective from August 2, 2016:
- (i) Advanced Accounting and Financial Reporting;
 - (ii) Advanced taxation; and
 - (iii) Business Management and strategy.
OR equivalent examinations

CAMPUS FRANCE PAKISTAN

campusfrance.org

for France. interested by studies in France.

What is Campus France?

Overseen jointly by the French ministries of foreign affairs and higher education and research, Campus France is dedicated to the promotion of French higher education abroad, and providing support services for international students, scholars, and scientists. Campus France supervises the France Alumni platform. The website allows foreign graduates of French higher education and foreign researchers to stay in touch with France, to communicate with each other and access a large number of internships and employment offers. 300,000 people have already joined the network, from around the world.

To carry out its international activities, Campus France relies on a network of more than 250 local offices in 124 countries. A Campus France office in Pakistan has just opened in April 2019 within the premises of the Alliance Française of Karachi.

Why studying in France?

According to the latest UNESCO data, France is the 4th most popular choice of internationally mobile students after the United States, the United Kingdom, and Australia. And it is the first non-English-speaking country in the rankings, just ahead of Germany.

The knowledge of French language is not a prerequisite for English taught degrees. French universities offer more than 1,400 degree programs in English language. We however advise prospective students to visit one of the 3 Alliances Françaises located respectively in Islamabad, Lahore and Karachi, to learn basics of French language before their departure to the best Pakistani students

Main benefits to study in France: prestigious postsecondary institutions; affordable tuition fees; cutting-edge science and research; a central place in the European Union; a rich culture and history; and a renowned quality of life.

International students in France are eligible to a number of advantages related to housing subsidy (CAF), 50% discount on transportation, discounts for cultural activities (cinema, museum, etc.), French healthcare system, etc.

Every foreign student has the right to work while studying in France. French law authorizes foreign students to an auxiliary work of 964 hours during the year, the equivalent of 60% of the legal work year.

The Temporary Resident Permit, or APS (for "Autorisation Provisoire de Séjour"), allows foreign students completing master's degree in a French higher education institution to remain in France for one year after the end of their studies to look for a job.

Higher Education/ Scientific Cooperation between France and Pakistan

Campus France has been a partner of the Higher Education Commission of Pakistan for almost ten years, and has taken care of more than 700 scholars who studied at a Master and PHD level in French universities.

In addition of the funding made available by the Higher Education Commission of Pakistan, The Embassy of France in Pakistan offers fully funded and partially funded merit-based scholarships to the best Pakistani students

At the moment, around 650 Pakistani students are studying in French higher education institutions.

Franco-Pakistani Hubert Curien Partnership (PHC) Program providing opportunities to Pakistani and French researchers to associate for joint research activities. The objective of this program is to develop new scientific and technological cooperation between French and Pakistani higher education institutions/research laboratories by supporting the mobility of researchers from both sides.

In close articulation with the Pak France Alumni Network (PFAN), the Embassy of France in Pakistan is developing the France Alumni Pakistan chapter. We invite all the Pakistani who studied in France to register, free of cost, on the platform to stay in touch with the community and get access to premium employment offers.

Pakistan Institute of Public Finance Accountants (PIPFA)

Pakistan Institute of Public Finance Accountants (PIPFA) is a professional body constituted in 1993, jointly by the Auditor-General of Pakistan (AGP), the Institute of Chartered Accountants of Pakistan (ICAP) and the Institute of Cost and Management Accountants of Pakistan (ICMA Pakistan). It is incorporated as a Non-Profit organization under section 42 of the Companies Act 2017. PIPFA is imparting education and training in disciplines of Accounting, Finance and Audit, both to Public and Corporate Sectors meeting global requirements. By virtue of its being an Associate Member of International Federation of Accountants (IFAC), USA,

its qualification is globally recognized. IFAC is a highly prestigious International Federation having 179 members & associates in 130 countries. It is a matter of great pride for any accounting body to be associated with federation of such an unparalleled repute and standing. PIPFA has completed its 25 years of operation as a symbol of success and professional excellence. PIPFA is running with the theme to minimize the gap between the demand and supply for second tier Accounting Executives at Public as well as Corporate Sector. PIPFA as at June

2016 has over 7700 members and 33,852 students, who it supports throughout their careers, providing services through a network of its own offices and approved centers around Pakistan. PIPFA is a sole service provider for professional development of Public Finance Accountants in Pakistan to meet emerging challenges. Having been inspired by the quality of education and training and its international affiliation and recognition, PIPFA (Public Sector) has since been notified as one of the required qualification for the position of Assistant

Accounts Officer/Assistant Audit Officer by office of the Auditor General of Pakistan. PIPFA qualification is mandatory for promotion to or confirmation on the post of BPS-17. The Membership subscription fee is also reimbursed by the DAGP. PIPFA has designed comprehensive Public Sector Program, and it is available for employees of Auditor General of Pakistan (AGP), Pakistan Military Accounts Department (PMAD), Pakistan Railways Accounts Department (PRAD), Punjab Government (Finance Department) Local Fund Audit & Treasury, and

Controller General of Accounts (CGA), CDA, NHA, and other Government owned entities. PIPFA's training to Public Sector is focused on developing high professional skills among their employees of Audit & Accounts Department. PIPFA has educational MOU's and reciprocal exemption arrangements internationally with The Chartered Institute of Public Finance and Accountancy (CIPFA), Association of Chartered Certified Accountants (ACCA), Chartered Institute of Management Accountants (CIMA), with the Institute of Chartered Accountants of

Pakistan (ICAP) and The Institute of Cost & Management Accountants of Pakistan (ICMAP). PIPFA has signed educational MOUs with various national level universities for facilitating its students and members for enhancing their competencies and pursuing further qualification. PIPFA conducts Continuous Professional Development activities along with Workshops, Seminars and other short courses for Public as well as Corporate Sector Students in collaboration with ICAP, ICMAP and AGP this also includes the Open House Sessions for facilitating prospective students and members at all PIPFA centers.

Educational crisis and why is it so? Education is the base of what a person has to become in future. So it is something that should be free of compromise and corruption. Most children in our country are deprived of education because they cannot go to schools. The reason for this is that they cannot afford to pay their fees. There may be some kind of funds within the school to pay for such children but they are often forgotten when needed. It makes things hard. As opposed to these schools, there are affordable schools which are both private and government, but the standard of education provided to the students is extremely low. There are no proper teachers, classrooms or books. This makes it hard for the students to learn anything at all. After schools, the fee structures get extremely hard to manage and mostly children stop studying and drop out of whatever institute they are in. They cannot continue their studies because of the fees and those who can afford to pay, pay, and then end up being an average learner as opposed to the less fortunate bright child. Fees are the biggest reason that our country is facing educational crisis and it is important for us to have this issue sorted somehow. If affordable and quality education is provided to the children of the country, we would be able to stand out. This may be a time taking process but it will never

be too hard to impossible. There are some major reasons which lead to educational crisis and disturb our society. Deprivation of education in parents higher fee expenses Actual meaning of education has been lost Education is the base of what a person has to become in future. So it is something that should be free of compromise and corruption. Most children in our country are deprived of education because they cannot go to schools. They are not able to go to schools because their parents have lack of education and they do same with their children because they don't know the worth of education and they find it easy track for their children and their families by making their children work for them rather than studying. The main reason for this is that they cannot afford to pay their fees. There may be some kind of funds within the school to pay for such children but they are often forgotten when needed. It makes things hard. As opposed to these

schools, there are affordable schools which are both private and government, but the standard of education provided to the students is extremely low. There are no proper teachers, classrooms or books. This makes it hard for the students to learn anything at all. After schools, the fee structures get extremely hard to manage and mostly children stop studying and drop out of whatever institute they are in. They cannot continue their studies because of the fees and those who can afford to pay, pay, and then end up being an average learner as opposed to the less fortunate bright child. Fees are the biggest reason that our country is facing educational crisis and it is important for us to have this issue sorted somehow. If affordable and quality education is provided to the children of the country, we would be able to stand out. This may be a time taking process but it will never be too hard to impossible. Another important reason that leads to make education system more complex is not the learning procedure in schools. Our schools have somehow very different criteria that should be opted. The students should be given conceptual ideas rather than making them completely bookish. Those students should be given main concept of what they are studying but now what they have to learn. Actually education is about speaking, learning and writing but our education system is now bounded to learning. In our schools there must be speaking skills and writing skills that should be introduced.

Educational crisis

THE PROFESSIONALS' ACADEMY OF COMMERCE

The Professionals' Academy of Commerce (PAC) is a renowned educational institution in the field of accountancy and commerce in Pakistan. PAC was established in 1987 and has branches in 4 cities across Pakistan. PAC also has a publishing house called Ishfaq Publishing Company, named after its founder Mr. Ishfaq Ahmed FCA (Late).

We, at PAC are committed to excellence. Our vision of "Excellence" goes beyond academic performance of students. We believe that the process of nation building requires individuals who are capable of independent thinking; persons who are not followers of mediocrity rather persons who are capable of leading. We, therefore, encourage students to indulge in activities and hobbies which have the potential to develop their personalities to an extent where they are distinguishable from the ordinary. Our years' of experience in this field and dedication puts us in prime position where we are able to invoke independent thinking in students all the while preparing them for external examinations.

All our campuses follow the vision of professional excellence and make an impact in the society in which they exist. Our sustained growth over a period of 33 years is a vivid exhibition of the fact that hard work, dedication and commitment, when accompanied by honesty of purpose, are bound to be rewarded.

PAC has some unique distinctions:

- > Our service orientation and especially our commitment to serve the under privileged is so strong, that our expansion out of Lahore has always been to the cities where people ordinarily do not open an accountancy institution.
- > Our Peshawar, Islamabad and Rawalpindi campuses are the first of its kind.

> Our publishing house, IPC, is the largest in the country in the field of professional accountancy.

> Our faculty members have consistently produced study material which is being used by students of professional accountancy all over the country.

> Our students have consistently achieved Gold Medals, Certificates of Merit, Nation and Worldwide distinctions.

> Our students have also achieved distinctions in sporting and other co-curricular activities at University level competitions.

We, at PAC are committed to maintaining our leadership position in professional accountancy. Indeed maintenance of such position requires devotion, commitment and hard work.

PAC is a name which exhibits a tradition of providing quality education and it is a note to its commitment that today, in internationally renowned firms and multinationals, a large number of professionals qualified from PAC are serving at key positions. PAC is the only institution in country having a network of more than 100,000 alumni all over the world and today it is well renowned in the professional circles for imparting quality accountancy education not only in Pakistan but, through its well established online education platform, School of Distance Learning (SDL), abroad as well.

PAC is an approved college of the following national and international bodies.

1. The Institute of Chartered Accountants of Pakistan (ICAP), Pakistan
2. Association of Chartered Certified Accountants (ACCA), UK

Corporate Training

PAC also has a trainings wing which imparts trainings of Audit, Accounting, Presentation skills, Information Technology, etc. to professionals in commerce and accounting industry and government officers. So far, PAC has trained more than 1,500 government officers in audit and information technology under exclusive contracts between Federal Board of Revenue (FBR) and PAC. PAC's history of professionals' excellence is checked with number of distinction in professional examination of Chartered Accountants and Chartered Certified Accountants. So far, PAC has achieved a total number of 120 Certificates of Merit and 29 Gold Medals.

Ishfaq Ahmed
Founder

Professional education, and not any ordinary qualification in general education, should be the focal point of every student. The youth of the nation should not be left idle to waste its time. They must be persuaded and motivated to pursue higher studies in the best possible way, and to achieve their qualification in the shortest possible time.

But they must remember that this life is fleeting. It is a preparatory field for the life hereafter. This fact shall enable them to strive for the success in the hereafter also. For that success they must:

- Offer their prayers regularly.
- Be truthful and Earn Rizq-e-Hilal.

Nighat Ahmed
Chairperson

Although a clichéd saying, I feel nothing could more accurately describe the inspiring journey that The Professionals' Academy of Commerce has been on. Today, PAC has over 125,000 Alumni working across the world in well-respected financial institution, more than 150 highly competent faculty members, 5,000+ full time students studying across the purpose built campuses in Lahore, Gujranwala, Peshawar and Rawalpindi, each offering different specialists accounting courses. The history of academic achievements and medals received by PAC places it at the epitome of accounting educational institutions in Pakistan.

Jafar Husain
Central Principal

We are grateful to all the people who worked hard to contribute in making of The Professionals' Academy of Commerce an institution where students can acquire the highest quality of education without going abroad. PAC's mission is to maintain a leadership position in professional education and training sector by providing services to our stakeholders with the highest standards of integrity, quality and efficiency through the generation, assimilation, and dissemination of knowledge. We would continue to strive to strengthen the environment to promote group spirit and commitment to excellence amongst our study partners and staff, thereby providing opportunity for growth of individual members.

در چوکل یونیورسٹی آف پاکستان - فیڈرل گورنمنٹ یونیورسٹی

در چوکل یونیورسٹی پاکستان کا پہلا وفاقی حکومت کی جانب سے چارٹرڈ ادارہ ہے جو مکمل طور پر جدید پڑا اطلاعات و مواصلاتی ٹیکنالوجی پر مبنی ہے۔ اس کا قیام وفاقی حکومت کی طرف سے غیر منافع بخش ادارے کے طور پر کیا گیا اور چوکل یونیورسٹی کا عزم پاکستان بھر اور بیرون ملک میں طلباء کے لئے انتہائی سستی اور عالمی سطح کی تعلیم فراہم کرنا ہے۔ ہفت ایئر ٹیلی ویژن نشریات اور انٹرنیٹ کا استعمال کرتے ہوئے یونیورسٹی طلباء کو ان کے دورافتادہ مقامات کے قطع نظر بہترین پروگراموں کی جڑی کرنے کی اجازت دیتا ہے اس طرح یونیورسٹی قابلیت کی کمی کے بحران کے ساتھ ساتھ ہائیر ایجوکیشن میں گویا نیا پیراڈیگم پر فیڈرز کی کمی کو بھی پورا کر رہی ہے۔

یونیورسٹی کا قیام 2002 میں مل میں آیا اور مختصر دورے میں ہی اس سے زائد شعبوں میں 190 سے زائد متعلقہ ادارے طالب علموں کو بہترین تعلیم فراہم کر رہے ہیں۔ اس یونیورسٹی سے شروع ہونے والے متعدد تعلیمی پروگراموں میں 200,000 سے زائد طالب علموں کو داخلہ دیا ہے، پچاس سے زائد ممالک میں بیرون ملک تعلیم پاکستانی طلباء کی طرف سے پیش کردہ مختلف پروگراموں سے بھی فائدہ اٹھا رہے ہیں۔

در چوکل یونیورسٹی پاکستان بھر کے تمام دور دراز علاقوں اور بیرون ملک رہائش پذیر طلباء کو انٹرنیشنل ایڈوائز کیونیکیشن ٹیکنالوجی کا استعمال کرتے ہوئے معیاری تعلیم کو فروغ دینے میں کوشاں ہے۔ تعلیم کے اس انتہائی موزوں مزان کے ساتھ در چوکل یونیورسٹی اپنے طالب علموں کو ان کی ذاتی سہولت کے مطابق تعلیم کے حصول اور ان کی تمام ترقیاتی ضرورتوں کو برہنہ کارا لے کر اپنے مہذبہ فراہم کرتی ہے۔

ریکٹر کا پیغام

سکھنے کا عمل کبھی ختم نہیں ہوتا، علم و مہارت کا حصول آپ کے سفر کو کبھی رکنے نہیں دیتا بلکہ اس سے ہمیشہ آپ کی کامیابی کی حوصلہ افزائی ہوتی ہے، در چوکل یونیورسٹی ورلڈ کلاس ایجوکیشن کو آپ کی دلچسپی تک پہنچانے کے ساتھ ساتھ کنٹینٹ ڈویلپمنٹ اور ہاؤس بن کر قوم کے لئے باعث فخر بننے کا عزم رکھتی ہے۔ مجھے اس مادر علمی کے فارغ التحصیل طلباء پر توقعات سے زیادہ بھروسہ ہے اور میں پر امید ہوں کہ ہمارے طلباء شعبہ علم کی ہر کھشاں کے جگمگاتے ستارے بنیں گے۔

The City School

About US
The City School, established in 1978 is one of the largest private school networks in Pakistan with branches in all the major cities across the country. It currently has 166 schools in 49 cities with over 126,000 students in 458 owned and franchised schools. The City School continues its forty years legacy to expand its reach to meet the demands for quality education.

The City School implements the knowledge and skills-based curriculum derived from the UK national curriculum which guides students from Nursery to Cambridge International Examinations (for the 16 and 18 year age group), qualifying them for the IGCSE, and O and A Level examinations.

The City School curriculum and methodology is designed specifically to ensure a smooth transition in teaching and learning from the primary sector through the middle years and on to the final two years of the public examinations' syllabi.

The use of ICTs in The City School Network are shaping the methodology of delivering online education and adding efficiency, convenience, interactivity and outreach to the array of learning programmes.

The City School has taken the initiative of implementing a state-of-the-art Classroom/Learning Management System capable of providing its students with academic resources anytime, anywhere, and in any circumstances. The City School promotes and encourages co-curricular activities in all of its campuses. Students are encouraged to learn new skills, take responsibility, practice leadership, work under a leader, organize events, conduct programmes and experience hands-on life experiences.

Early Years Education
Children in our Early Years Programme learn by playing and exploring, and through creative activities that develop their critical thinking abilities. The City School aims to increase and sustain the quality of Early Years opportunities so children are more able to fulfil their potential.

Our Early Years Education (EYE) is about three things:
The child
The context and environment in which learning takes place
The child's knowledge and understanding

Our carefully planned curriculum provides teachers with a framework for interacting with children, planning their lessons, and assessing and monitoring child's learning. The most significant aspect of our Early Years Education is the introduction of the following tools across all

campuses nationwide:
STREAM (Science, Technology, Research, Engineering, Art and Mathematics) Education
Robotics
E- Learning
Sensory Rooms

These tools help our young learners understand concepts in a much more comprehensive way through practical implementation and hands-on learning.

O/A Levels
The City School offers a wide range of subjects through Cambridge Assessment International Education (CAIE). We believe in ensuring that no child is left behind or needs extra help outside the school, through external teachers or tuitions, for this we practice the '1-1' policy, where a child will be given one-on-one attention in each classroom to keep all students at the same pace in learning.

O/A Level students at The City School have the advantage because they have a wide variety of subjects offered on campuses, to fully explore and choose as per their interests. The City School alongside an expansive subject variety, promotes multiple academic and non-academic activities throughout the year that provides students a practical, deep-rooted understanding of the theoretical concepts learnt inside-the-classroom which are experienced outside-the-classroom through these activities. The aim is to provide students with all experiences to be able to give them the skillset to tackle and overcome all challenges they face in the end building an all-rounded citizen.

The City School offers special on-campus facilities to its O/A Level students, ensuring a first class educational experience. The ICT Laboratories offer state-of-the-art hardware and software to support those studying ICT as well as those using the resources for studying. We provide all the opportunities of co-curricular activities such as debates, drama, music and sports which are supplementary to the academic curriculum taught throughout the year.

Our O/A Level students are mentored by our career counsellors to help them take the right path and find the right university for their personal and professional growth.

Through The City School Youth Development wing, students from all levels actively contribute back to society and work with communities around them to develop a conscientious society that prospers together meeting the vision of The City School that was set forty years ago.
